Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>\$0 for in-network providers \$250 person/\$500 family for out-of-network providers.</p>	<p>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes, when in-network. Preventive care and primary care services are covered before you meet your \$0 deductible. No, when out-of-network.</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/. You will have to meet the deductible before the plan pays for any services.</p>
<p>Are there other deductibles for specific services?</p>	<p>No.</p>	<p>You don't have to meet specific deductibles for specific services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>For in-network providers 5,400 individual/\$10,800 family; for out-of-network providers \$750 individual/\$1,500 family.</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Premiums, balance billing charges, penalties for failure to obtain preauthorization & health care this plan doesn't cover.</p>	<p>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</p>
<p>Will you pay less if you use a network provider?</p>	<p>Yes. For in-network providers see https://providir.ibx.com/ or call 1-800-ASK-BLUE.</p>	<p>This plan uses a provider network. You pay less if your use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your in-network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</p>
<p>Do you need a referral to see a specialist?</p>	<p>Yes. Services requiring a referral (written or oral): radiology, laboratory, physical and occupational therapy.</p>	<p>This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.</p>

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
