A UNIQUE COLLABORATION WITH THE 32BJ HEALTH FUND

Village Maternity is a joyful concierge midwife-doctor practice combining kind, attentive pregnancy care with the best evidence-based obstetrical guidelines.

“A UNIQUE COLLABORATION WITH THE 32BJ HEALTH FUND

Village Maternity is a joyful concierge midwife-doctor practice combining kind, attentive pregnancy care with the best evidence-based obstetrical guidelines.

“I am happy to be part of Village Maternity care and recommend them to all pregnant moms!”

“Any time if I was feeling sick- I could send a text and they would always respond. I wouldn’t change a thing.”

OUR SERVICE

Prenatal visits are in our private office on West 12th Street. When you are ready to give birth the midwife will meet you at Metropolitan Hospital on the Upper East Side.

“...we would not go anywhere else; these women are like family.”

METROPOLITAN HOSPITAL: A HIDDEN GEM

- Lowest cesarean rate in Manhattan
- Excellent outcomes
- Large rooms with showers, wireless fetal monitoring, and nitrous oxide available
- Private rooms with 24/7 visiting hours
- World Health Organization “Baby Friendly” designation
- No separation of mom and baby, newborn exams at bedside
- Vaginal birth after cesarean (VBAC)
- Full-time lactation consultant for breastfeeding help
- No cost, Tier 1 doula care available to 32BJ patients through Village Maternity

WHAT IS A MIDWIFE?

A midwife is a highly educated, licensed medical professional specializing in women’s health. During pregnancy and birth, midwives provide prenatal care, monitor mother and baby in labor, administer pain medications, and attend deliveries. While their focus is natural birth, they are expert at detecting complications and handling birth emergencies, and will consult a doctor if needed.
