Important Notice

This booklet is both the Plan document and the Summary Plan Description ("SPD") of the plan of benefits ("the Plan") of the Building Service 32BJ Health Fund's ("the Fund") Suburban WPA Plan of benefits for purposes of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The terms contained herein constitute the terms of the Plan. Your rights to benefits can only be determined by this SPD, as interpreted by official action of the Board of Trustees ("the Board"). You should refer to this booklet when you need information about your Plan benefits. In addition, the Board reserves the right, in its sole and absolute discretion, to amend the Plan at any time.

In the event of conflict or ambiguity between this SPD, the insurance contracts, or your collective bargaining agreement, this SPD will control. Also in the event there is any conflict between the terms and conditions for the Plan benefits as set forth in the SPD and any oral advice you receive from a Building Service 32BJ Benefit Funds employee or union representative, the terms and conditions set forth in this booklet control.

- Save this booklet – put it in a safe place. If you lose a copy, you can ask Member Services for another or obtain it from www.32bjfunds.org.
- If you change your name or address – notify Member Services immediately by calling 1-800-551-3225 so your records are up-to-date.
- Words that appear in boldface print are defined in the Glossary.
- Throughout this booklet, the words "you" and "your" refer to participants whose employment makes them eligible for Plan benefits.

(1) This SPD is the plan document for the Suburban WPA Plan, which includes the hospital, medical, mental health and substance abuse, prescription drug, dental, vision, life insurance and accidental death and dismemberment benefits, and short-term disability. Insurance contracts from MetLife and Guardian are the plan documents for the Life and Accidental Death & Dismemberment Insurance and Short-Term Disability Plans. The plans and the benefits they pay are limited by all the terms, exclusions, and limitations of those contracts in force at the time of the covered incident. The Board reserves the right to change insurance carriers and contracts. If the Board makes any such changes, the benefits coverage described in this SPD may not be accurate. You may request copies of the insurance contracts from MetLife and Guardian.
The word “dependent” refers to a family member of a participant who is eligible for Plan benefits. In the sections describing the benefits payable to participants and dependent(s), the words “you” and “your” may also be used to refer to the patient.

- This booklet describes the provisions of the Plan in effect as of January 1, 2016.
- The level of contributions provided for in your collective bargaining agreement or participation agreement determines the Plan for which you are eligible. In general, the Suburban WPA Plan covers participants working in Western Pennsylvania.

While the Fund provides other plans, they are not described in this booklet. If you are unsure about which plan applies to you, contact Member Services for information.

### Frequently Asked Questions

1. **What benefits does the Plan provide?**
   The Plan provides a comprehensive program of benefits, including:
   - hospital,
   - medical,
   - mental health and substance abuse,
   - prescription drug,
   - dental,
   - vision,
   - short-term disability in Western Pennsylvania, if provided by your Collective Bargaining Agreement (“CBA”),
   - life insurance, and
   - accidental death and dismemberment.

   Each of these benefits is described in detail later in this booklet.

2. **Are my dependent(s) eligible?**
   Yes, if your collective bargaining or participation agreement provides for family coverage and you elect dependent coverage when you are first hired, during the open enrollment period or during a special enrollment period.

   Your collective bargaining or participation agreement may require you to share in the cost of dependent coverage. In general, your covered dependent(s) include your spouse and your children until they reach 26 years of age. (See the tables on pages 21–22 for a fuller description of dependent(s)).

3. **What do I have to do to cover my dependent(s)?**
   - Fill out and return the appropriate form, and
   - Provide documentation that proves the individual you want to enroll is your dependent. For example, you must provide a marriage certificate to cover your spouse or a birth certificate for a dependent child.

   You can get forms from:
   - The website www.32bjfunds.org
   - Member Services by calling 1-800-551-3225.
4. What happens if I get married or have a baby?
You must:
• Notify the Fund within 30 days of the date of marriage or birth,
• Fill out and return the appropriate form, and
• Provide documentation proving the relationship.
If you notify the Fund within 30 days, your dependent will be covered from
the date of the event (birth, adoption, marriage). If you do not notify the
Fund within 30 days of the event, your spouse/child will only be covered
prospectively from the date you notify the Fund.

5. How do I know if my doctor is in-network?
To find out if your doctor is in the Empire BlueCross BlueShield Direct
Point-of-Service ("POS") network:
• Visit the website www.32bjfunds.org, or
• Call Member Services at 1-800-551-3225.

6. What is my out-of-pocket cost to see a network doctor?
There are three types of providers in the network: 5 Star Center providers,
participating primary care providers and participating specialist providers.
5 Star Center providers are providers who have earned certification as a
Patient-Centered Medical Home from the National Committee for Quality
Assurance ("NCQA") and who have agreed to work with the Fund. If you
receive care at a 5 Star Center, you will pay the least amount. See below:

<table>
<thead>
<tr>
<th>Doctor Office Visits</th>
<th>5 Star Center Providers</th>
<th>Participating Providers (Primary Care Providers)</th>
<th>Participating Providers (Specialists)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$0 co-payment/visit</td>
<td>$20 co-payment/visit</td>
<td>$40 co-payment/visit</td>
</tr>
</tbody>
</table>

7. What happens when I need care away from home?
You are covered for urgent or emergency care. Make sure you use a
participating provider in a local BlueCross BlueShield network.

8. How do I find a 5 Star Center provider with a $0 co-payment?
• Visit the website www.32bjfunds.org, or
• Call Member Services at 1-800-551-3225.

9. What happens if I see a non-participating doctor?
You will pay more. You will have to pay:
• $250 (the annual deductible),
• 30% of the allowed amount, and
• All charges above the allowed amount.

10. What is the allowed amount?
The allowed amount is not what the doctor charges you. It is the
amount that the Plan will pay for a covered service, and it is generally
a much lower amount than what the doctor charges you. When you go
in-network, the allowed amount is based on an agreement with the
provider. When you go out-of-network, the allowed amount is based on
the Fund’s payment rate of allowed charges to a network provider.

11. Are there any limits on the number of times I can see a doctor?
Generally there are no limits on the number of times you can see a doctor.
However, there are some limits on certain types of services. For example,
treatment for allergy care is covered up to 13 visits per year, 2 of which can
be testing visits. (See pages 36–49 for all services with visit limits.)

12. What is my out-of-pocket cost for an emergency room visit?
$100 each for the first 2 emergency room visits per calendar year, $200 for
each visit thereafter.

13. Is prior authorization required to receive services? Do I need to get
permission before I can use some services?
Yes, prior authorization is required for the following services:
• Hi-tech Imaging (CT/PET scans, MRIs/MRAs and Nuclear Medicine
tests),
• Other Imaging Services (bone density testing and echo stress tests),
• Hospital and inpatient surgery,
• Inpatient and intensive outpatient Mental/Behavioral Health,
• Inpatient and intensive outpatient Substance Abuse Disorder,
• Rehabilitation Services,
• Radiation Therapy,
• Skilled Nursing Care,
• Hospice Service (inpatient only),
• Durable Medical Equipment,
• Physical and Occupational Therapy,
• Air ambulance (non-emergency), and
• Ambulatory surgery (reconstructive and optical procedures).

When you use participating providers, the provider will get the prior authorization for you.

14. What is my out-of-pocket cost for an in-network hospital visit?
There is a $100 co-payment if you use an in-network hospital. In most cases, there will be no additional cost above the co-payment to you. However, talk to your doctor to make sure that your surgeon and other providers are also in-network. Because if they are not, you may be responsible for deductibles and co-insurance and you may be balance billed if the out-of-network provider’s charges exceed the maximum allowed amount.

15. Do I have to file claims?
• No. If you use a 5 Star Center or in-network participating provider, you do not have to file claims. The provider will do it for you.
• Yes. If you do not use a participating provider, you have to file the claims yourself.

16. Are all prescription drugs covered?
No. The Plan has a formulary or a list of covered drugs. This formulary includes generic and brand drugs.

17. What do I pay for prescription drugs that are on the Plan’s formulary?

<table>
<thead>
<tr>
<th></th>
<th>Co-payment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Generic Drugs</td>
<td>$10</td>
</tr>
<tr>
<td>Brand Drugs</td>
<td>$30</td>
</tr>
</tbody>
</table>

18. What is the dental coverage?
• Preventive and diagnostic services, such as routine oral exams, cleanings, x-rays, topical fluoride applications and sealants,
• Basic therapeutic and restorative services, such as fillings and extractions,
• Major services, such as fixed bridgework, crowns, dentures and gum surgery, and
• Orthodontic services, such as diagnostic procedures and appliances to realign teeth.

Dental benefits are subject to frequency limits and there is an annual maximum for adult dental care. (For additional details, see pages 61–70.)

19. How frequently can I get glasses and an eye exam?
Once every 24 months. Participants and dependent(s) under 19 are eligible for an eye exam once every 12 months.
20. Can I get disability benefits?
If you work in Western Pennsylvania, and your collective bargaining agreement provides for Short-Term Disability ("STD") benefits, and you become totally disabled while working in covered employment, you may qualify for a weekly Short-Term Disability benefit. (For details, see pages 76–77).

21. What is my life insurance coverage?
$25,000.
There is no life insurance coverage for your dependent(s).

22. What if I have other health insurance?
If you, or your dependent(s), have other insurance, this Plan and your other plan will coordinate benefit payments. One plan will be primary and the other secondary. Generally, the plan that covers you, or your dependent, through work is the primary plan; for example, if your spouse has coverage at work, that plan will be primary for your spouse. The primary plan will pay first and the secondary plan may reimburse you for the remaining expenses up to the allowed amount. This process is known as Coordination of Benefits. (See pages 95–98 for more information.)

23. If I change 32BJ covered employers, what happens to my health coverage?
If you change covered employers and you have a break of 91 days or less in employment, your coverage will begin on your first day back at work. If there is more than a 91 day break in employment, your coverage will not begin until you complete 90 consecutive days of employment with your new covered employer.

24. If I leave the industry or retire, how long can I stay on the health coverage?
Your coverage will continue at no cost for 30 days after your last day worked in covered employment. Prior to the expiration of the 30 days, you will be offered under the Consolidated Omnibus Budget Reconciliation Act of 1986 ("COBRA") the opportunity to purchase hospital, medical, mental health and substance abuse, prescription drug, dental and vision coverage for up to 17 more months.

25. What happens to my health coverage if I become disabled?
If you are eligible, unless provided otherwise in your collective bargaining agreement, the Fund will temporarily pay for continued health coverage (Fund-paid Health Extension). To be eligible, you must:
- Have become disabled while working in covered employment
- Be unable to work
- Be receiving one of the following benefits:
  - Short-Term Disability ("STD")
  - Workers’ Compensation
If you are eligible and are receiving STD, the Fund will pay for up to 13 weeks of continued health coverage. Once STD benefits end, up to an additional 13 weeks of continued health coverage may be paid for by the Fund if your doctor certifies that you continue to be disabled. If you are eligible and are receiving Workers’ Compensation, the Fund will pay for up to 30 months of continued health coverage.

26. What happens to my family’s health coverage if I die?
If your family is enrolled/covered on the date of your death, their coverage will continue at no cost for 30 days. Prior to the expiration of the 30 days, your family will be offered the opportunity to continue coverage under COBRA for 35 more months by paying a monthly premium.

27. Who do I call if I have questions?
Call Member Services at 1-800-551-3225, Monday through Friday between the hours of 8:30 am to 5:00 pm.
Eligibility and Participation

When You Are Eligible

Eligibility for benefits from the Plan depends upon the particular agreement that covers your work. Unless specified otherwise in your collective bargaining agreement or participation agreement, eligibility is as follows:

Your employer will be required to begin making contributions to the Plan on your behalf when you have completed 90 consecutive days of covered employment with the same employer working full time (as defined by your collective bargaining agreement or participation agreement), unless specified otherwise in your collective bargaining agreement or participation agreement. For this purpose, covered employment includes certain leaves of absence. Days of illness, pregnancy or injury count toward the 90-day waiting period. When you have completed that 90-day period working for your employer, you and your eligible dependent(s) become eligible for the benefits described in this booklet on your 91st day of covered employment. Additional eligibility requirements apply to Short-Term Disability (see pages 76–77 for more information).

When You Are No Longer Eligible

Your eligibility for the Plan ends:

- at the end of the 30th day after you no longer regularly work in covered employment, subject to COBRA rights. (See pages 17–20 and pages 105–110.),
- on the date when your employer terminates its participation in the Plan, or
- on the date the Plan is terminated.

In addition, the Board reserves the right, in its sole discretion, to terminate eligibility if your employer becomes seriously delinquent in its contributions to the Fund.

If You Come Back to Work

If your employment ends after your eligibility began and you return to covered employment (with the same contributing employer or a different contributing employer):

- within 91 days, your Plan participation starts again on your first day back at work, or
- more than 91 days later, you would have to complete 90 consecutive days of covered employment with the same employer before participation resumes.

As long as you are eligible, your dependent(s) are eligible, provided they meet the definition of “dependent” under the Plan (see Dependent Eligibility on pages 20–25) and you have properly enrolled them.

Extension of Health Benefits

Health coverage may be continued while you are not working in the following circumstances:

COBRA

Under a Federal law called the Consolidated Omnibus Budget Reconciliation Act of 1986 ("COBRA"), group health plans are required to offer temporary continuation of health coverage, on an employee-pay-all basis, in certain situations when coverage would otherwise end. “Health coverage” includes the Plan’s hospital, medical, behavioral health and substance abuse, prescription drug, dental and vision coverage. It does not include life insurance, Accidental Death & Dismemberment (“AD&D”) and Short-Term Disability (“STD”). (See pages 105–110 for more information about COBRA.)
**Fund-paid Health Extension**

If all eligibility requirements are met, the Fund will pay for health coverage in the following situations: disability, which must have occurred while you were in **covered employment**, and arbitration. All periods of Fund-paid Health Extension will count toward the period in which you are entitled to continuing coverage under COBRA. Fund-paid Health Extension includes the Plan's hospital, medical, behavioral health and substance abuse, prescription drug, dental and vision. Life insurance and AD&D are continued only for the first six months. (See page 74 for the Life Insurance Disability Extension.)

To receive this extended coverage, return the documentation from the list in the Fund-paid Health Extension section of the COBRA election notice. If you fail to timely return the required documentation, you may lose eligibility for continuation of coverage under Fund-paid Health Extension. The required documents (e.g., proof of disability), must be returned to:

**COBRA Department**
**Building Service 32BJ Benefit Funds**
**25 West 18th Street**
**New York, NY 10011-4676**

**Disability**

You may continue to be eligible for health coverage (see Fund-paid Health Extension on pages 17–20), provided you return the required documentation set forth in the Fund-paid Health Extension section of the COBRA election notice, are unable to work and are receiving one of the following disability benefits:

- Short-Term Disability, or
- Workers’ Compensation.

If you are eligible and are receiving STD, the Fund will pay for up to 13 weeks of continued health coverage. Once STD benefits end, up to an additional 13 weeks of continued health coverage may be paid for by the Fund if your **doctor** certifies that you continue to be disabled. If you are eligible and are receiving Workers’ Compensation, the Fund will pay for up to 30 months of continued health coverage.

When any of the following events occur, your extended coverage will end:

- you elect to discontinue coverage,
- you work at any job,
- 30 months have passed after you stopped working due to disability,
- your Workers’ Compensation, or Short-Term Disability, or 13 week extension of health coverage after STD ends,
- you receive the maximum benefits under Short-Term Disability or Workers’ Compensation, or
- you become eligible for Medicare as your primary insurer.

If you die while receiving extended health coverage, your dependent(s)’ eligibility will end 30 days after the date of your death.

To receive this extended coverage (Fund-paid Health Extension), you must submit proof of disability as described in the Fund-paid Health Extension section of the COBRA election notice no later than 60 days after the date coverage would have been lost (90 days after you stopped working due to a disability). The Plan reserves the right to require proof of your continued disability from time to time. This extension of coverage will count toward the period in which you are entitled to continuing coverage under COBRA. (See pages 105–110 for COBRA information.)

**Arbitration**

If you are discharged* and the Union takes your grievance to arbitration seeking reinstatement to your job, your health coverage will be extended for up to six months or until your arbitration is decided, whichever occurs first. (See Fund-paid Health Extension on pages 17–20.) This extension of coverage will count toward the period in which you are entitled to continuing coverage under COBRA.

* Indefinite suspensions or suspensions pending discharge are treated the same as discharges.
FMLA
You may be entitled to take up to a 26-week leave of absence from your job under the Family and Medical Leave Act ("FMLA"). You may be able to continue health coverage during an FMLA leave. (See pages 103–104 for more information.)

Military Leave
If you are on active military duty, you have certain rights under the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA") provided you enroll for continuation of health coverage. (See pages 104–105 for more information.) This extension of coverage will count toward the period in which you are entitled to continuing coverage under COBRA.

Dependent Eligibility
If your collective bargaining agreement or participation agreement provides for dependent coverage and you elect dependent coverage when you are first hired, during the open enrollment period or during a special enrollment period. Your collective bargaining agreement may require you to share in the cost of dependent coverage. Eligible dependent(s) under the Plan are described on the following pages:

<table>
<thead>
<tr>
<th>Dependency</th>
<th>Age Limitation</th>
<th>Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spouse</td>
<td>None</td>
<td>The person to whom you are legally married (if you are legally separated or divorced, your spouse is not covered).</td>
</tr>
<tr>
<td>Children</td>
<td>Until the earlier of 30 days after the child’s 26th birthday or the end of the calendar year in which the child turns 26.</td>
<td>The child is one of the following: • Your biological child, • Your adopted* child or one placed with you in anticipation of adoption, or • Your stepchild: this includes your spouse’s biological or adopted child.</td>
</tr>
<tr>
<td>Children (dependent)—Your grandchild, niece or nephew ONLY if you are the legal guardian*** (if application for legal guardianship is pending, you must provide documentation that papers are filed and provide proof when legal process is complete)</td>
<td>Until the earlier of 30 days after the child’s 26th birthday or the end of the calendar year in which the child turns 26.</td>
<td>The child: • Is not married, • Has the same principal address as the participant**, or as required under the terms of a “QMCSO”—see pages 110–111, and • is dependent on the participant for all of his or her annual support and maintenance and is claimed as a dependent on your tax return**.</td>
</tr>
</tbody>
</table>

Note that:
- A dependent must live in the United States, Canada or Mexico unless he or she is a United States citizen.
- A child is not considered a dependent under the Plan if he or she is in the military or similar forces of any country.

* Your adopted dependent child will be covered from the date that child is adopted or "placed for adoption" with you, whichever is earlier (but not before you become eligible), if you enroll the child within 30 days after the earlier of placement or adoption. (See Your Notification Responsibility on pages 24–25.) A child is placed for adoption with you on the date you first become legally obligated to provide full or partial support of the child whom you plan to adopt. However, if a child is placed for adoption with you, but the adoption does not become final, that child’s coverage will end as of the date you no longer have a legal obligation to support that child. If you adopt a newborn child, the child is covered from birth as long as you take custody immediately after the child is released from the hospital and you file an adoption petition with the appropriate state authorities within 30 days after the infant’s birth. However, adopted newborns will not be covered from birth if one of the
child’s biological parents covers the newborn’s initial hospital stay, a notice revoking the adoption has been filed or a biological parent revokes consent to the adoption.

** If you are legally separated or divorced, then your child may live with and/or be the tax dependent of the legally separated or divorced spouse. If you were never married to your child’s other parent, then the child may live with the other parent but must be your tax dependent.

*** Legal guardian(ship) includes legal custodian(ship).

** When Your Dependent(s) Are No Longer Eligible

Your dependent(s) remain eligible for as long as you remain eligible except for the following:

- Your spouse’s eligibility ends 30 days after legal separation\(^2\) or divorce.
- Your child’s eligibility ends on the date your child no longer satisfies the requirements for a dependent child as described on pages 20–22, 30 days after the child’s 26th birthday, or the end of the calendar year in which the child turns 26, whichever is earlier.
- Eligibility of a spouse and dependent children ends 30 days after your death.

** How to Enroll

Coverage for dependent(s) under the Plan is not automatic.

If at the time you become eligible under the Plan you would like to enroll your eligible dependent(s), you must complete the appropriate form and submit it to the Fund within 30 days from the date you first became eligible for health benefits.

Please see Dependent Eligibility on pages 20–25 to determine whether your dependent(s) are eligible for enrollment. You will also be required to submit documents proving relationship status including a marriage certificate (for your spouse), birth certificates and, if applicable, proof of dependency (for your grandchildren, nieces and nephews). In most cases, your dependent’s coverage will begin on the date he or she was first eligible. However, if you do not enroll your dependent(s) within 30 days from the date you first became eligible for health coverage under this Plan, your dependent’s coverage will not begin until the date you notify the Fund. After your coverage under the Plan begins, if you have a change in family status (e.g., get married, adopt a child) or wish to change existing dependent coverage for any reason, you must complete the appropriate form. Special rules apply regarding the effective date of your new dependent’s coverage. (Please see Your Notification Responsibility on pages 24–25 for further details.)

Dependent claims for eligible expenses will be paid only after the Fund has received the appropriate form and supporting documentation. If your forms are not completely or accurately filled out, or if the Fund is missing requested documentation, any benefits payable will be delayed. The Fund may periodically require proof of continued eligibility for you, or your dependent. Failure to provide such information could result in a loss of coverage and a loss of the right to elect continuation of health coverage under COBRA.

** Special Enrollment Rules

For participants working under a collective bargaining agreement that provides an annual open enrollment, depending upon the terms of that agreement, you may be permitted to enroll one or more of your dependent(s) (as defined on pages 20–22) in the same manner described above and under the section "How to Enroll" on pages 22–23. However, once you make an election to enroll specific dependent(s) or to not enroll specific dependent(s), this election is generally fixed or locked in for the entire Calendar Year (January 1st to December 31st). An exception applies if:

- you lose coverage under another group health plan,
- you acquire a new dependent through marriage, birth, or adoption or placement for adoption, or
- you have a non-enrolled dependent who loses coverage under another group health plan (unless coverage was terminated for cause or because your dependent failed to pay premiums on a timely basis), or the employer stops contributing towards your dependent’s coverage under the other plan.

If your dependent elected COBRA coverage, the entire COBRA coverage period must have been completed for this rule to apply. In any of the circumstances above, you may enroll or you may enroll your dependent

\(^2\) Generally, a legal separation is any court order or agreement filed with the court under which the parties acknowledge they are living separately. Legal separation includes, but is not limited to, a divorce from bed and board, limited divorce, judicial separation, separate maintenance, inter-spoolal agreement, marital property settlement agreement, and property settlement agreement.
during a special enrollment period that ends 30 days after the date of marriage, birth, adoption/placement, loss of other group health coverage or termination of employer contributions to other group health plan. There will be an open enrollment period before the end of each Calendar Year in which you can make a change in your enrolled dependent(s), or enroll a dependent(s) if none was previously enrolled (or if your previously enrolled dependent ceased to become eligible during the Calendar Year) for the next Calendar Year. If you do not take any action during the open enrollment period, your existing election will remain in effect for the next Calendar Year.

Your Notification Responsibility

If, after your coverage under the Plan becomes effective, there is any change in your family status (e.g., marriage, legal separation, divorce, birth or adoption of a child), it is your responsibility to notify the Fund immediately of such change and complete the appropriate form. If you notify the Fund and enroll under the Special Enrollment rules within 30 days of marriage or birth or adoption of a child, coverage for your new spouse or child will begin as of the date of marriage or date of birth or adoption. If you do not notify the Fund within 30 days, you will not be able to enroll your spouse or dependent(s) until the next Open Enrollment. No benefits will be paid until you provide the Fund with the necessary supporting documentation. Also, be sure to notify the Fund if your grandchild, niece or nephew no longer lives with you, marries or otherwise no longer satisfies the requirements for coverage as described on page 20–22.

If, after your coverage under the Plan becomes effective, your dependent(s) lose eligibility for Medicaid or Children’s Health Insurance Program (“CHIP”) or become eligible for a state subsidy for enrollment in the Plan under Medicaid or CHIP, and you would like to enroll them in the Plan, it is your responsibility to notify the Fund immediately of such change and complete the appropriate form. If you notify the Fund within 60 days of the loss of Medicaid/CHIP or of your dependent(s) becoming eligible for the state subsidy, coverage for your dependent(s) will begin as of the date your dependent(s) lost eligibility for Medicaid/CHIP or the date they became eligible for the subsidy. If you do not notify the Fund within 60 days, coverage for your dependent(s) will begin as of the date you notify the Fund. Failure to notify the Fund of your dependent(s)’ loss of eligibility for Medicaid/CHIP or becoming eligible for the state subsidy could lead to a delay or denial in the payment of health benefits or the loss of a right to elect health continuation under COBRA.

Failure to notify the Fund of a change in family status could lead to a delay or denial in the payment of health benefits or the loss of a right to elect health continuation under COBRA. In addition, knowingly claiming benefits for someone who is not eligible is considered fraud and could subject you to criminal prosecution.

What Benefits Are Provided

The Fund provides a comprehensive program of benefits, including hospital, medical, mental health and substance abuse, prescription drug, dental, vision, life insurance, accidental death and dismemberment, and short-term disability benefits. Each of these benefits is described in the sections that follow.

Annual Out-Of-Pocket Maximum on In-Network Hospital, Medical, Mental Health, Substance Abuse and Pharmacy Benefits

Annual out-of-pocket maximum on in-network benefits. There is an annual out-of-pocket maximum on in-network hospital, medical, mental health, substance abuse and pharmacy benefits. Your annual out-of-pocket maximum is $6,850 and your family’s annual out-of-pocket maximum is $13,700.*

The annual out-of-pocket maximum is divided between medical and prescription drug benefits as shown in the table below:

<table>
<thead>
<tr>
<th>Annual In-Network Out-of-Pocket Maximum</th>
<th>You</th>
<th>Your Family</th>
</tr>
</thead>
<tbody>
<tr>
<td>Medical</td>
<td>$5,190</td>
<td>$10,385</td>
</tr>
<tr>
<td>Prescription Drug</td>
<td>$1,660</td>
<td>$3,315</td>
</tr>
<tr>
<td>Total</td>
<td>$6,850</td>
<td>$13,700</td>
</tr>
</tbody>
</table>

Expenses that apply toward the annual out-of-pocket maximum:

- Co-payments,
- Deductibles, and
- Co-insurance.

* Department of Health and Human Services ("HHS") examines the limits annually and may increase them based on the premium adjustment percentage (an estimate of the average change in health insurance premiums. The Plan will change its out-of-pocket maximums each January 1st to match HHS’ limits.
Expenses that do not count toward the annual out-of-pocket maximum. The following expenses are not applied toward the in-network annual out-of-pocket maximum:

- Premiums,
- Balance billing, and
- Spending for non-covered services.

Hospital, Medical, Mental Health and Substance Abuse Benefits

The Plan provides hospital, medical, mental health and substance abuse benefits through Empire BlueCross BlueShield ("Empire"). The Plan offers the Empire BlueCross BlueShield Direct Point-of-Service ("POS") network. The network includes thousands of local participating doctors and other providers and dozens of local hospitals.

Conditions for Hospital and Medical Expense Reimbursement

- Charges must be for medically necessary care. The Plan will pay benefits only for services, supplies and equipment that the Plan considers to be medically necessary.
- The Plan will pay benefits only up to the allowed amount.
- Charges must be incurred while the patient is covered. The Plan will not reimburse any expenses incurred by a person while the person is not covered under the Plan.

Empire ID Card. This card gives you access to thousands of doctors, surgeons, hospitals and other health care facilities in the network. It also gives you 24-hour phone access to a registered nurse who can help you with your health care decisions.

(3) If you are unable to locate an in-network provider in your area who can provide you with a service or supply that is covered under this Plan, you must call the number on the back of your I.D. Card to obtain authorization for out-of-network provider coverage. If you obtain authorization for services provided by an out-of-network provider, benefits for those services will be covered at the in-network benefit level.

Nurses Healthline. This is round-the-clock information free to Empire members. When you call, you can either speak to a registered nurse or select from over 1,100 audio-taped messages in English or Spanish on a wide variety of topics. If you do not speak English or Spanish, interpreters are available through the AT&T language line. You may find it helpful to speak to a registered nurse when you need help assessing symptoms, deciding whether a trip to the emergency room is necessary or understanding a medical condition, procedure, prescription or diagnosis. You can reach the Nurses Healthline at 1-877-825-5276.

LiveHealth Online. LiveHealth Online is a convenient way to have a face-to-face interaction online with a doctor when you need care but can’t reach your regular doctor after hours, on holidays or on weekends. LiveHealth Online should be used for non-urgent medical situations like colds, sore throats, or the flu. LiveHealth Online from Empire BlueCross BlueShield is available 24/7 and there is no co-pay for this service. The online doctor can diagnose, treat and, if state regulations allow, prescribe medications.

Download the LiveHealth Online app on a computer, tablet or smart phone and follow the instructions.

About Participating Providers and 5 Star Centers

Within Empire's POS network, there are participating doctors and specialists.

In addition to Empire's network, the 32BJ Health Fund has identified 5 Star Centers. These centers have earned certification from the National Committee for Quality Assurance ("NCQA") and have agreed to work with the Fund to ensure that patients have access to comprehensive primary care.

When You Go In-Network

When you use an in-network provider, you will have low costs or no costs for covered services. In addition, there are no deductibles or co-insurance to pay, and no claims to file or track.

In an emergency, if you use out-of-network providers you may be responsible for deductibles and co-insurance and you may be balance billed if the out-of-network provider’s charges exceed the allowed amount.
When you use a 5 Star Center, your expenses are covered at the highest level. You have no co-payment for physician and specialist office visits provided by the 5 Star Center.

When you use a participating provider, your expenses are still covered but it will cost you more. Your co-payment for participating primary care physicians is $20 per office visit and for participating specialists is $40 per office visit.

The co-payment for mental health or substance abuse professionals is $20 per office visit if you use a participating provider that is not a 5 Star Center. If you use a 5 Star Center, your co-payment is $0.

In-network benefits apply only to services and supplies that are both covered by the Plan and provided or authorized by a network provider. The network provider will assess your medical needs and advise you on appropriate care, as well as take care of any necessary tests, pre-certifications or hospital admissions. When you use a doctor, hospital or other provider in-network, the Plan generally pays 100% after the co-payment for most charges, including hospitalization. You will not have to satisfy a deductible.

You should always check with your network provider (or you can call Member Services at 1-800-551-3225) to be sure that any referrals to other doctors or for diagnostic tests are also with an in-network provider.

When You Go Out-of-Network

Care that is provided by an out-of-network provider is reimbursed at the lowest level. If you use out-of-network providers, you must first satisfy the annual deductible. After satisfying the annual deductible, you will be reimbursed at 70% of the allowed amount. The allowed amount is not what the doctor charges you. It is generally a much lower amount.

Amounts above the allowed amount are not eligible for reimbursement and are your responsibility to pay. This is in addition to any deductibles and required co-insurance. Some services are not covered when you use an out-of-network provider. (See pages 36–49 and page 53 for additional information.)

If you use an out-of-network provider, ask your provider if he or she will accept Empire’s payment as payment in full (excluding your deductible or co-insurance requirements). While many providers will tell you that they take “32BJ” or “Empire” coverage, they may not accept Plan coverage as payment in full. Then they will bill you directly for charges that are over the Plan’s allowed amount. This is called “balance billing.” If your provider agrees to accept Empire’s payment as payment in full, it is best to get their agreement in writing.

If your provider does not accept Empire’s payment as payment in full, in addition to the 30% of the allowed amount you pay, you will then be responsible for the excess charges.

Annual deductible. Your individual annual deductible is $250 and your family annual deductible is $500.

Expenses that do not count toward the deductible:

- in-network co-payments,
- charges that exceed the allowed amount for eligible out-of-network expenses,
- penalty amounts that you pay because you failed to pre-certify a hospital stay or meet any other similar pre-certification requirements, and
- charges excluded or limited by the Plan. (See pages 50–56.)

Co-insurance. Once the annual deductible is met, the Plan pays 70% of the allowed amount for eligible out-of-network expenses. You pay the remaining 30%, which is your co-insurance. You also pay any amounts over the allowed amount.

Annual co-insurance maximum. The Plan limits the co-insurance each patient has to pay in a given calendar year. It also limits the amount each family has to pay. Your annual co-insurance maximum is $750 and your family co-insurance maximum is $1,500. Any eligible expenses submitted for reimbursement after the annual co-insurance maximum is reached are paid at 100% of the allowed amount. You still have to pay any charge above the allowed amount.
Expenses that do not count toward the co-insurance maximum. The following expenses are not applied toward the out-of-network annual co-insurance maximum:

- in-network co-payments,
- deductibles,
- charges that exceed the allowed amount for eligible out-of-network expenses,
- amounts that you pay because you failed to pre-certify a hospital stay or meet any other similar pre-certification requirements, and
- charges excluded or limited by the Plan. (See pages 50–56.)

If you decide to stay with your choice of an out-of-network provider, then you should fully understand that your out-of-network claim will be paid as follows:

You must first satisfy the annual deductible before being reimbursed at 70% of the allowed amount.

Your Explanation of Benefits will show the maximum amount the provider can charge you. This will be reflected in the box labeled “Your Total Responsibility To Your Provider”.

In addition to the 30% you pay, you are also responsible for the excess charges that the provider bills for. Below is an example of what out-of-network care when using a non-participating provider can cost you:

- The non-participating surgeon’s charge for total knee replacement surgery is $5,000. The allowed amount is $1,310. The amount above the allowed amount is $3,690. The Plan only takes into account the allowed amount when determining what it will pay.

The table below summarizes what you will pay and what the Fund will pay:

<table>
<thead>
<tr>
<th></th>
<th>You Pay</th>
<th>Fund Pays</th>
</tr>
</thead>
<tbody>
<tr>
<td>Deductible</td>
<td>$250</td>
<td>$0</td>
</tr>
<tr>
<td>Co-insurance (30% of the allowed amount, less the deductible)</td>
<td>$318</td>
<td>$742</td>
</tr>
<tr>
<td>Amount above the allowed amount</td>
<td>$3,690</td>
<td>$0</td>
</tr>
<tr>
<td>Total</td>
<td>$4,258</td>
<td>$742</td>
</tr>
</tbody>
</table>

An out-of-network provider will cost you much more than an in-network provider.

**Coverage When You Are Away from Home**

When you are outside of the area covered by the POS network (see footnote 8 on page 127), you are covered for all medically necessary care on an in-network basis with a co-payment when using a local BlueCross BlueShield participating provider.

**Benefit Maximums**

There are no lifetime limits on hospital, medical, mental health and substance abuse benefits. However, there are limits on how much (and how often) the Plan will pay for certain services, even when they are covered. If there are limits on a particular service, those limits will be indicated under covered services. (See pages 36–49.)

**Newborns’ and Mothers’ Health Protection Act**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours.
following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

**Pre-Certification**

When you use a network provider, the provider will do the pre-certification for you. However it is your responsibility to verify that your provider has obtained the required pre-certification.

When you use an out-of-network provider, it is your responsibility to have the required services pre-certified. This means that you have to contact Empire’s Medical Management Program as shown on page 33, or make sure that your provider has done so. Failure to pre-certify will result in a financial penalty, which you will be responsible for paying.

**Pre-Certification for Hospital, Medical, Mental Health and Substance Abuse**

For hospital/medical services that require prior authorization, providers and members call 1-800-982-8089 24 hours a day, seven days a week.

For inpatient mental health/substance abuse that require prior authorization, providers and members call 1-855-531-6011 24 hours a day, seven days a week.

| • Scheduled hospital/mental health or substance abuse admissions | Two weeks before you receive care or as soon as care is scheduled.               |
| • Hospice                                        |                                                                                   |
| • Admissions to skilled nursing or rehabilitation facilities |                                                                                   |
| • Maternity admissions                            | Within 48 hours after delivery or admission.                                      |
| • Emergency admissions                            |                                                                                   |
| • Maternity admissions lasting longer than two days (or four days for cesarean delivery) | As soon as you know care is lasting longer than originally planned.               |
| • Ongoing hospitalization                         |                                                                                   |

See footnote 9 on pages 127–128.

*How pre-certification works.* Empire’s Medical Management Program will review the proposed care to certify the admission or number of visits (as applicable) and will approve or deny coverage for the procedure based on medical necessity. They will then send you a written statement of approval.
or denial within three business days after they have received all necessary information. In urgent care situations, Empire’s Medical Management Program will make its decision within 72 hours after they have received all necessary information. (For more information, see pages 82–86.)

If you do not pre-certify the care (except for pre-natal care) listed above within the required time frames, benefit payments will be reduced by $250 for each admission, treatment or procedure. If the Plan determines that the admission or procedure was not medically necessary, no benefits are payable.

Overview of Out-of-Pocket Expenses

The amount you are required to pay depends on where you receive your care and what kind of care you receive. In every case, you can minimize your out-of-pocket expense by using 5 Star Centers and by staying in-network and using participating providers.

You can avoid the $75 outpatient hospital co-payment by using free-standing medical facilities or doctors’ offices for procedures such as lab tests, physical therapy, diagnostic tests or minor surgical procedures.

There are no lifetime or annual dollar maximums for benefits. Some benefits have annual visit maximums. (See Schedule of Covered Services on pages 36–49.)

<td></td>
<td></td>
</tr>
</tbody>
</table>

* The Plan covers certain preventive care services without imposing any co-payments when using an in-network provider. The four areas of preventive care services are:

- evidence-based items or services with an A or B rating recommended by the United States Preventive Services Task Force ("USPSTF"),
- immunizations for routine use in children, adolescents, or adults recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention,
- evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration ("HRSA") for infants, children, and adolescents, and
- other evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by HRSA for women.

Some of the preventive care services that are covered are listed in the table above and the preceding page. The list of preventive care services may change. You may find a list of preventive care services at [www.hhs.gov](http://www.hhs.gov) or by contacting Member Services at 1-800-551-3225.

** Coverage of mammograms regardless of age for covered persons with a past history of cancer or who have a first degree relative (mother, sister, child) with a prior history of breast cancer, upon the recommendation of a physician.

<td>Plan pays 70% of the allowed amount after the deductible</td>
</tr>
<tr>
<td>Repair to natural teeth only within 12 months of injury to sound natural teeth</td>
<td>Plan pays 70% of the allowed amount after the co-payment. (See Overview of Out-of-Pocket Expenses on pages 34–35.)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

* Dental care is also covered under the Plan's dental benefits described on pages 61–70 of this SPD.
Excluded Hospital, Medical, Mental Health and Substance Abuse Expenses

The following expenses are not covered under the hospital, medical, mental health and substance abuse coverage. However, some of these expenses are covered under your prescription drug, vision or dental coverages. Check the other sections of this booklet to see if an expense not paid under hospital/medical is covered elsewhere under the Plan.

• expenses incurred before the patient's coverage began or after the patient's coverage ended
• treatment that is not medically necessary
• cosmetic treatment
• technology, treatments, procedures, drugs, biological products or medical devices that in Empire's judgment are experimental, investigative, obsolete or ineffective. Also excluded is any hospitalization in connection with experimental or investigational treatments
• expenses for the treatment of infertility
• assisted reproductive technologies including, but not limited to, in-vitro fertilization, artificial insemination, gamete and zygote intrafallopian tube transfer and intracytoplasmic sperm injection
• reversal of sterilization
• travel expenses, except as specified
• psychological testing for educational purposes for children or adults
• common first-aid supplies such as adhesive tape, gauze, antiseptics, ace bandages, and surgical appliances that are stock items, such as braces, elastic supports, semi-rigid cervical collars or surgical shoes
• expenses for acupressure, prayer, religious healing including services, and naturopathic, naprapathic, or homeopathic services or supplies
• expenses for memberships in or visits to health clubs, exercise programs, gymnasiums or other physical fitness facilities
• commercial weight loss programs, e.g., Weight Watchers and Jenny Craig
• operating room fees for surgery, surgical trays and sterile packs done in a non–state-licensed facility including the doctor's office
• routine orthotics for foot care (including dispensing of surgical shoe(s) and pre- and post-operative X-rays pertaining to routine foot care)
• routine hearing exams for adults
• treatment for services for mental retardation
• formal psychological evaluations and fitness for duty opinions
• long-term hospitalization for residential care
• training or educational therapy for reading or learning disabilities
• testing, screening or treatment for learning disorders, expressive language disorders, mathematics disorders, phonological disorders and communication disorders
• treatment for conditions not listed as mental disorders in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders
• behavioral health treatment rendered by Licensed Mental Health Counselors, Licensed Masters Social Workers (who are non-independent social workers who work under the supervision of another licensed professional), Licensed Marriage and Family Therapists and Licensed Psychoanalysts
• psychological testing (except as conducted by a Licensed Psychologist for assistance in treatment planning, including medication management and diagnostic clarification) and specifically excluding all educational, academic and achievement tests
• ambulette, except as provided in footnote 6 on pages 126–127
• the following specific preventive care services:
  – screening tests done at your place of work at no cost to you
  – free screening services offered by a government health department
  – tests done by a mobile screening unit, unless a doctor not affiliated with the mobile unit prescribes the tests
• the following specific emergency services:
  – use of the emergency room to treat routine ailments because you have no regular doctor or because it is late at night (and the need for treatment does not meet the Plan's definition of emergency.) (See page 122.)
  – use of the emergency room for follow-up visits

See footnotes 18 and 19 on pages 129–130.
• the following specific maternity care services:
  – days in hospital that are not medically necessary (beyond the 48-hour/96-hour stays the Fund is required by law to cover)
  – private room (If you use a private room, you pay the difference between the cost for the private room and a semi-private room. The additional cost does not count toward your deductible or co-insurance.)
  – out-of-network birthing center facilities
  – private-duty nursing
  – services of a doula
• the following specific inpatient hospital care expenses:
  – private duty nursing
  – private room (If you use a private room, you pay the difference between the cost for the private room and a semi-private room. The additional cost does not count toward your deductible or co-insurance.)
  – diagnostic inpatient stays, unless connected with specific symptoms that if not treated on an inpatient basis could result in serious bodily harm or risk to life
  – any part of a hospital stay that is primarily custodial
  – elective cosmetic surgery\(^\text{18}\) or any related hospital expenses or treatment of any related complications
  – hospital services received in clinic settings that do not meet Empire’s definition of a hospital or other covered facility
  – bariatric surgery at a facility that is not a Blue Distinction Hospital within the Empire network
• the following specific outpatient hospital care expenses:
  – routine medical care including, but not limited to, inoculation, vaccination, drug administration or injection, excluding chemotherapy
  – collection or storage of your own blood, blood products or semen

See footnote 18 on pages 129-130.

• all excluded out-of-network services
  The following out-of-network services and/or expenses are excluded from coverage under the Plan. No benefits will be paid by the Plan for the following out-of-network services:
  – kidney dialysis
  – bariatric surgery performed at a hospital that is not a Blue Distinction Center of Medical Excellence facility.
  – transplant surgery for bone marrow, liver, heart and pancreas performed at a hospital that is not a Blue Distinction Center of Medical Excellence facility
  – transplant surgery for a kidney or lung transplant performed at a non-participating BlueCross BlueShield hospital
  – skilled nursing facility
  – home health care
  – hospice care facility
  – home infusion therapy
  – birthing centers
  – outpatient physical, occupational speech, and vision therapy
  – durable medical equipment
  – prosthetics/orthotics
  – medical supplies
  – hearing aids
• the following specific equipment:
  – air conditioners or purifiers
  – humidifiers or dehumidifiers
  – exercise equipment
  – swimming pools
• skilled nursing facility care that primarily:
  – gives assistance with daily living activities
  – is for rest or for the aged
  – is convalescent care
  – is sanitarium-type care
  – is a rest cure
• the following specific home health care services:
  – custodial services, including bathing, feeding, changing or other services that do not require skilled care

• the following specific physical, occupational, speech or vision therapy services:
  – therapy to maintain or prevent deterioration of the patient’s current physical abilities
  – treatment for developmental delay, including speech therapy

• the following specific vision care services:
  – expenses for surgical correction of refractive error or refractive keratotectomy procedures including, but not limited to, radial keratotomy (“RK”), photo-refractive keratotomy (“PRK”) and laser in situ keratomileusis 21 (“LASIK”) and its variants
  – eyeglasses, contact lenses and the examination for their fitting except following cataract surgery. However, see Vision Care Benefits on pages 71–72 to find out how eyeglasses and contact lenses may be covered under the vision program
  – routine vision care (See Vision Care Benefits on pages 71–72 for coverage information.)

• the following services that may be covered elsewhere under the Plan:
  – dental treatment, except surgical removal of impacted teeth or treatment of sound natural teeth injured by accident if treated within 12 months of the injury; however, see Dental Benefits on pages 61–70
  – all prescription drugs and over-the-counter drugs, self-administered injectibles, vitamins, vitamin therapy, appetite suppressants, or any other type of medication, unless specifically indicated. However, see Prescription Drug Benefits on pages 56–60 to find out how prescription drug expenses may be covered.
  – false teeth (not covered under hospital/medical, but may be covered under dental.) (See Dental Benefits on pages 61–70.)

• the following miscellaneous health care services and expenses:
  – services performed in nursing or convalescent homes, institutions primarily for rest or for the aged, rehabilitation facilities (except for physical therapy), spas, sanitariums, or infirmaries at schools, colleges or camps
  – injury or sickness that arises out of any occupation or employment for wage or profit for which there is Workers’ Compensation or occupational disease law coverage (for information about subrogation of benefits, see pages 99-102)
  – injury or sickness that arises out of any act of war (declared or undeclared) or military service of any country
  – injury or sickness that arises out of a criminal act (other than domestic violence) by the covered person, or an intentionally self-inflicted injury that is not the result of mental illness
  – expenses for services or supplies for which a covered person receives payment or reimbursement from casualty insurance or as a result of legal action, or expenses for which the covered person has already been reimbursed by another party who was responsible because of negligence or other tort or wrongful act of that party (for information about subrogation of benefits, see pages 99-102)
  – expenses reimbursable under the “no-fault” provisions of a state law
  – services covered under government programs, except under Medicare, Medicaid or where otherwise noted
  – any hospital or physician care received outside of the U.S. that is not emergency care
  – government hospital services, except specific services covered under a special agreement between Empire and a governmental hospital or services in United States Veterans’ Administration or Department of Defense hospitals for conditions not related to military service
  – treatment or care for temporomandibular disorder or temporomandibular joint disorder (“TMJ”) syndrome
  – services such as laboratory, X-ray and imaging, and pharmacy services from a facility in which the referring doctor or his or her immediate family member has a financial interest or relationship
  – services given by an unlicensed provider or performed outside the scope of the provider’s license
  – charges for services a relative provides
  – charges that exceed the maximum allowed amount or visits that exceed the annual maximum for that service or supply
  – services performed at home, except for those services specifically noted in this booklet as covered either at home or in an emergency
– services usually given without charge, even if charges are billed
– services performed by hospital or institutional staff that are billed separately from other hospital or institutional services, except as otherwise specified in this booklet

**Prescription Drug Benefits**

Your prescription drug benefits are administered by CVS Caremark. The list of prescription drugs that are covered by your Plan is known as a “formulary”. Your Plan’s formulary is mandatory generic and includes a wide selection of generic and brand-name medications. Certain drugs require prior approval and/or step therapy. Your physician can call CVS Caremark at 1-800-294-5979 for additional information.

The table below shows your co-payments for short-term and maintenance generic and brand drugs:

<table>
<thead>
<tr>
<th></th>
<th>Short-term Drugs at a Participating Pharmacy (up to a 30 day supply)</th>
<th>Maintenance Drugs by Mail or at a CVS Pharmacy (up to a 90-day supply)</th>
<th>Non-Participating Pharmacy</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Generic Drugs</strong></td>
<td>$10 co-payment</td>
<td>$20 co-payment</td>
<td>Covered up to what the Fund would pay a participating retail pharmacy less your co-payment.</td>
</tr>
<tr>
<td><strong>Brand Drugs</strong></td>
<td>$30 co-payment</td>
<td>$60 co-payment</td>
<td>Covered up to what the Fund would pay a participating retail pharmacy less your co-payment.</td>
</tr>
</tbody>
</table>

If the cost of the drug is less than the co-payment, you pay the cost of the drug.

If your doctor prescribes a formulary brand-name drug and initials the “Dispense As Written” (“DAW”) box when an “A”-rated generic equivalent drug is available, you will have a $30 co-payment and you will have to pay the difference in cost between the brand-name drug and the generic drug. Brand-name drugs can be very costly so always ask your doctor to prescribe generic drugs when possible.

Note: You can have your prescription filled at a non-participating pharmacy, but you will have to pay the full cost and then file a claim with CVS Caremark to be reimbursed up to the amount CVS Caremark would have paid a participating pharmacy (minus your co-payment). Contact CVS Caremark over the phone or on-line to obtain the necessary claim form if you have your prescription filled at a non-participating pharmacy. (See inside back cover for the phone number and the website for CVS Caremark.)

Note: No co-payment required for contraceptive prescriptions. (See eligible drugs on page 60.)

**Specialty Drugs**

Your pharmacy benefits also cover specialty drugs that are on the CVS Caremark formulary. The co-payment for specialty drugs is the same as described in the table on page 56. In order to be covered for a formulary specialty drug, you must fill your specialty drug prescription at a CVS retail pharmacy or through the CVS Caremark Specialty Pharmacy. There is no coverage for formulary specialty drugs unless they are filled using one of these two methods.

**Chronic Care Prescription Drug Discount Program**

Members and their dependent(s) with diabetes, asthma, heart disease, chronic obstructive pulmonary disease (“COPD”), stroke, peripheral artery disease (“PAD”), and hypertension who receive all their health care services* at one of the 5 Star Centers can receive prescription drugs, whether generic or brand, for a co-payment of $5 at any participating retail pharmacy for a 30-day supply or $10 at either CVS Caremark mail service or at a CVS pharmacy for a 90-day supply. For more information, or to see if you are eligible, call Member Services at 1-877-299-1636 or email us at 5StarCenterTeam@32bjfunds.com.

**There are several ways to get your prescriptions filled:**

**For Short-term Medications—At the Pharmacy**

When you need to take a prescription for a period of no more than 60 days, you can have your prescription filled at a retail pharmacy. Just go to a participating pharmacy with your prescription and your CVS Caremark ID Card. All prescriptions filled at a participating pharmacy provide you with up to a 30-day supply and one refill of up to a 30-day supply.

*This requirement does not apply to emergency or urgent care services or services that are not available at the 5 Star Center.
For Maintenance Medications

If you need to take a prescription for a long time, then there are two ways you can fill your prescription:

1. Through the Maintenance Choice Program at any CVS pharmacy, or
2. Through the CVS Caremark’s Mail Service Program.

You save money by using either the Maintenance Choice Program or the CVS Caremark’s Mail Service Program since you receive a 3-month supply for the equivalent of 2 months of co-payment.

Using either the Maintenance Choice Program or the CVS Caremark Mail Service Program is mandatory for those who take maintenance drugs (medication taken on a regular basis for chronic conditions such as high blood pressure, diabetes or high cholesterol). You can use whichever program works best for you.

Through the Maintenance Choice Program

You can get your maintenance medications at any CVS Pharmacy. Simply present your prescription for a 90-day supply of the medication, pay your co-payment for your medication ($20 for generic medications and $60 for brand name medications) and get your prescription right from the CVS Pharmacy. All refills can also be filled at the CVS Pharmacy.

Through CVS Caremark Mail Service Program

You can use the CVS Caremark mail order service by following these steps:

- For your first mail service order, fill in the patient profile sections of the Mail Order Pharmacy Order Form, which you can get from Member Services or by calling CVS Caremark at 1-877-765-6294. Be sure to complete as much of the information requested as possible. You must provide your unique CVS Caremark identification number, name of the person or persons for whom you are sending prescriptions and the address to whom the medication should be sent. Provide any allergy or history information so that the pharmacist will be aware of any potential drug conflict.

- Complete the Mail Order Pharmacy Order Form for each new prescription.

- Enclose your maintenance drug prescription, the Mail Order Pharmacy Order Form and your payment in the pre-addressed mail service envelope. You must make the necessary co-payment for your mail order or your prescription may not be filled. Your medications are delivered to you at home postage-paid by United Parcel Service or by U.S. mail. Allow 10 to 14 days after the prescription is filled for delivery of your medicine.

- A new order form and envelope will be sent to you with each delivery. These forms are also available from Member Services or CVS Caremark.

If you are concerned about not receiving the drugs in time, ask your doctor to write two prescriptions – one for a 30-day supply to fill right away at your local retail pharmacy and a second for a 90-day supply to send to the mail order pharmacy for a long-term supply.

You can order refills by phone (call CVS Caremark customer service toll-free at 1-877-765-6294) or from their website (www.Caremark.com). Have your prescription number and credit card ready when you call or log on.

Refills are not shipped automatically. If you have remaining refills on your original prescription, request your CVS Caremark refill three weeks before you need it to avoid running out of medication. You should receive your refill within a week.

Prescriptions for medicines not available through the mail (such as narcotics) will be returned to you. These prescriptions can be filled at your local CVS Caremark participating pharmacy for up to a 30-day supply.

Please note that certain prescription drugs, whether filled in the participating pharmacy or through the mail service, require prior authorization. Your pharmacist can tell you if the prescription drug order you need to have filled requires prior authorization. Contact CVS Caremark at 1-877-765-6294 before having the prescription filled to ensure that you will receive regular reimbursement for the prescription that you have been given. If you have a prescription filled for a drug that is on the list of those requiring prior authorization, and you fail to contact CVS Caremark before having the prescription filled, you may be fully responsible for the cost of the prescription drug.

Through CVS Caremark Specialty Pharmacy Program

If you choose not to fill your specialty drug at a CVS retail pharmacy, you must use the CVS Caremark Specialty Pharmacy Program. To use the CVS Caremark Specialty Pharmacy Program, you must call 1-800-237-2767. A CVS Caremark service representative will assist you in completing the specialty drug registration process.

Note: If your specialty medication is perishable, then the Specialty Pharmacy will send your 90-day prescription order in three separate deliveries of 30 day fills over the course of the 90 days. With each 30 day fill that the Specialty Pharmacy sends, it will charge you 1/3 of the co-payment required.
Frequency Limitation

All prescriptions for proton pump inhibitors (“PPIs”), such as Nexium or Omeprezole, will be filled for up to a 90-day supply in a 180 day period.

Eligible Drugs

The following are covered under the Plan:
- Federal legend prescription drugs,
- drugs requiring a prescription under the applicable state law,
- insulin, insulin syringes and needles,
- diabetic test strips,
- all FDA approved types of contraceptives, including oral and sub-dermal contraceptive prescriptions, contraceptive injections and miscellaneous contraceptive devices, with no co-payment required,
- prescription vitamins for infants to 12 months, and
- prenatal vitamins, with no co-payment required, for up to 15 months.

Excluded Drugs

The following are not covered under the Plan:
- over-the-counter drugs and vitamins (however, certain vitamins are covered for prenatal care – see above for information),
- prescription drugs that require prior authorization and for which you have not received prior authorization,
- drugs used in clinical trials or experimental studies,
- drugs used for infertility treatment or egg donation,
- drugs prescribed for cosmetic purposes (See footnote 18 on pages 129–130 for more information.),
- drugs used for weight loss unless you meet the Plan’s medical criteria
- non-formulary drugs, unless your doctor can prove (i.e., clinical documentation; patient’s drug therapy history) to CVS Caremark’s satisfaction that the non-formulary drug is necessary (non-formulary drugs are drugs that are not on the Plan’s list of approved drugs and medicines),
- therapeutic devices or appliances, support garments and other non-medical substances, and
- prescriptions that an eligible person is entitled to receive without charge under any Workers’ Compensation law, or any municipal, state or Federal program.

Dental Benefits

How the Plan Works

The Delta Dental Plan provides coverage for necessary dental care received through:
- a Delta Dental PPO participating dentist, or
- a non-Delta Dental PPO participating dentist

Necessary dental care is a service or supply that is required to identify or treat a dental condition, disease or injury. The fact that a dentist prescribes or approves a service or supply or a court orders a service or supply to be rendered does not make it dentally necessary. The service or supply must be all of the following:
- provided by a dentist, or solely in the case of cleaning or scaling of teeth, performed by a licensed, registered dental hygienist under the supervision and direction of a dentist,
- consistent with the symptoms, diagnosis or treatment of the condition, disease or injury,
- consistent with standards of good dental practice,
- not solely for the patient’s or the dentist’s convenience, and
- the most appropriate supply or level of service that can safely be provided to the patient.

Covered services are listed in the Schedule of Covered Dental Services for the Delta Dental Plan (see pages 64–67 in this booklet), subject to frequency limitations that are stated in that Schedule. The Plan pays no benefits for procedures that are not in that Schedule, but may provide an alternate benefit if approved by Delta Dental of New York, Inc. (“Delta Dental”) on behalf of the Fund. Whether you have to pay for those services and, if so, how much, depends on whether you choose to receive your dental care from a Delta Dental participating PPO dental provider or from a non-participating PPO dentist.
Participating Delta Dental Providers
The Delta Dental Plan’s dental benefits include a “participating dental provider” feature through Delta Dental. The Delta Dental PPO is the Plan’s participating dental provider network. Dentists who participate in the Delta Dental PPO have agreed to accept the amount that Delta Dental pays as either payment in full for diagnostic and preventive services or partial payment for other dental services.

- If you choose to receive your care from a participating dental provider, you will not have to pay anything for covered dental care that is diagnostic or preventive, and
- For all other services, you will pay the difference between the fee schedule Delta Dental pays and the applicable maximum plan allowance under the Delta Dental PPO.

Non-Participating Dentists
The Plan will pay for dental work performed by any properly accredited dentist, but the Plan will pay no more than what Delta Dental would have paid a participating Delta Dental PPO dentist. Contact Delta Dental’s Customer Service at 1-800-932-0783 to find out what their reimbursement is for each dental procedure/service you require.

You will be required to pay the dentist’s full charges. You will file a claim with Delta Dental (see page 81) and will be reimbursed according to the Delta Dental fee schedule for each procedure.

The Fund will pay the smaller of the dentist’s actual charge for a covered dental service or the allowed amount for that procedure according to Delta Dental’s PPO fee schedule.

Predeterminations/Pretreatment Estimates
Determine costs ahead of time by asking your Delta Dental participating dentist to submit the treatment plan to Delta Dental for a predetermination of benefits before any treatment is provided. Delta Dental will verify your specific plan coverage and the cost of the treatment and provide an estimate of your co-insurance and what Delta Dental will pay. Predeterminations are free and help you and your dentist make informed decisions about the cost of your treatment.

What Dental Services Are Covered
The Delta Dental Plan covers a wide range of dental services, including:

- Preventive and diagnostic services, such as routine oral exams, cleanings, X-rays, topical fluoride applications, space maintainers and sealants. These services are covered 100%.
- Basic therapeutic services, such as extractions and oral surgery, intravenous conscious sedation when medically necessary for oral surgery, gum treatment, gum surgery, fillings and root canal therapy. These services are covered with a 20% co-insurance.
- Major services, such as fixed bridgework, crowns and dentures. These services are covered with a 50% co-insurance.
- Orthodontic services for children 19 and under, such as diagnostic procedures and appliances to realign teeth. There is a separate lifetime maximum on orthodontic services of $1,000 per patient.

See the Schedule of Covered Dental Services for the Delta Dental PPO on pages 64–67 for details.

Frequency Limitations
Benefits are subject to the frequency limits shown on the Schedule of Covered Dental Services for the Delta Dental Plan as shown on pages 64–67.

Annual Maximum
The Delta Dental Plan provides coverage of up to $1,000 per participant/dependent age 19 and older per calendar year. There is no annual maximum for participants and dependent(s) under 19 years of age. There is a separate lifetime maximum of up to $1,000 for orthodontic services for children 19 years of age and under.

---

* Reimbursed at 100% of the Delta Dental PPO **allowed amount** (or dentist's charges if less).

** Reimbursed at 80% of the Delta Dental PPO **allowed amount** (or dentist's charges if less).

*** Reimbursed at 50% of the Delta Dental PPO **allowed amount** (or dentist's charges if less).
Alternate Benefit for Dental Coverage

There is often more than one way to treat a given dental problem. For example, a tooth could be repaired with an amalgam filling, a resin composite or a crown. If this is the case, the Plan will generally limit benefits to the least expensive method of treatment that is appropriate and that meets acceptable dental standards. For example, if your tooth can be filled with amalgam and you, or your dentist, decide to use a crown instead, the Plan pays benefits based on the amalgam. You will have to pay the difference.

What Is Not Covered

The Plan's dental coverage will not reimburse or make payments for the following:

- any services performed before a patient becomes eligible for benefits or after a patient's eligibility terminates, even if a treatment plan has been approved
- reimbursement for any services in excess of the frequency limitations specified in the Schedule of Covered Dental Services
- charges in excess of the allowed amounts, contact Delta Dental for the Schedule of Allowed Amounts for each covered service or the annual or lifetime amount
- treatment for accidental injury to natural teeth that is provided more than 12 months after the date of the accident
- services or supplies that the Plan determines are experimental or investigative in nature
- services or treatments that the Plan determines do not have a reasonably favorable prognosis
- any treatment performed principally for cosmetic reasons including, but not limited to, laminate, veneers and tooth bleaching
- special techniques, including precision dentures, overdenture, characterization or personalization of crowns, dentures, fillings or any other service. This includes, but is not limited to, precision attachments and stress-breakers. Full or partial dentures that require special techniques and time due to special problems, such as loss of supporting bone structure, are also excluded
- any procedures, appliances or restorations that alter the “bite”, or the way the teeth meet (also referred to as occlusion and vertical dimension), and/or restore or maintain the bite, except as provided under orthodontic benefits. Such procedures include, but are not limited to, equilibration, periodontal splinting, full-mouth rehabilitation, restoration of tooth structure lost from attrition and restoration for misalignment of teeth
- any procedures involving full-mouth reconstruction, or any services related to dental implants, including any surgical implant with a prosthetic device attached to it
- diagnosis and/or treatment of jaw joint problems, including temporomandibular joint disorder (“TMJ”) syndrome, craniofacial disorders or other conditions of the joint linking the jaw bone and skull or the complex of muscles, nerves and other tissue related to that joint
- double or multiple abutments
- treatment to correct harmful habits including, but not limited to, smoking and myofunctional therapy
- habit-breaking appliances, except under the orthodontics benefit
- services for plaque-control programs, oral hygiene instruction and dietary counseling
- services related to the replacement or repair of appliances or devices, including:
  - duplicate dentures, appliances or devices
  - the replacement of lost, missing or stolen dentures and appliances less than five years from the date of insertion or the payment date
  - replacement of existing dentures, bridges or appliances that can be made useable according to dental standards
  - adjustments to a prosthetic device within the first six months of its placement that were not included in the device's original price
  - replacement or repair of orthodontic appliances
• drugs or medications used or dispensed in the dentist's office
  (any prescriptions that are required may be covered by the Plan's
  prescription drug benefits. (See pages 56–60.)
• charges for novocaine, xylocaine, or any similar local anesthetic when
  the charge is made separately from a covered dental expense
• additional fees charged by a dentist for hospital treatment
• services for which a participant has contractual rights to recover cost,
  whether a claim is asserted or not, under Workers’ Compensation, or
  automobile, medical, personal injury protection, homeowners or other
  no-fault insurance
• treatment of conditions caused by war or any act of war, whether
  declared or undeclared, or a condition contracted or an accident
  occurring while on full-time active duty in the armed forces of any
  country or combination of countries
• any portion of the charges for which benefits are payable under any
  other part of the Plan
• if a participant transfers from the care of one dentist to another dentist
  during the course of treatment, or if more than one dentist renders
  services for the same procedure, the Plan will not pay benefits greater
  than what it would have paid if the service had been rendered by
  one dentist
• transportation to or from treatment
• expenses incurred for broken appointments
• fees for completing reports or for providing records
• any procedures not listed under the Schedule of Covered
  Dental Services

Coordination of Dental Benefits

If you have dental coverage through another carrier, which serves as
your primary dental insurer, prior approval is not required if you got this
approval through your primary dental insurer.

Vision Care Benefits

Your vision benefit is administered by Davis Vision, which maintains a
national network of vision providers. If you need an eye exam, corrective
lenses (including contact lenses) or frames, you can go to a participating
provider or a non-participating provider. By using a participating
provider, you can get an exam and glasses with no out-of-pocket cost, but
your choice of frames will be limited to the Plan's selection. If you want
frames and/or lenses that cost more than the Plan's limit, you will pay the
difference.

If you use a non-participating provider, you can get up to $30 for eye
exams, $60 for lenses and $60 for frames. You will be responsible for paying
the charges in full and will be reimbursed up to the allowed amounts.

There is no out-of-network benefit for participants and dependent(s)
under age 19.

If you get contact lenses instead of frames and lenses, from either a
participating or non-participating provider, the maximum reimbursement
for the contact lenses is $120. If you use a participating provider, your eye
exam is free. If you use a non-participating provider, you can get up to $30
for your eye exam. You will be responsible for paying any charges in excess
of the maximum reimbursement.

These maximum benefits are payable within any 24-month period,(4)
starting with the date you first incur a vision care expense (typically an eye
exam). For example, if you get an eye exam on September 1, 2015, you have
up to September 1, 2017 (assuming you remain eligible for Fund benefits)
to receive the benefits cited above for the lenses and frames or contacts.
Any unused vision care benefits cannot be carried over and used in a
subsequent 24-month period.

(4) Participants and dependent(s) under 19 are eligible for an eye exam once every
12 months.
You can access your Vision Plan benefits by:

- Showing your Davis Vision card to a Davis Vision provider, or
- Visiting a non-participating provider and later submitting a Vision Plan claim form to Davis Vision for reimbursement.

To find a **participating provider**, call Member Services at 1-800-999-5431.

**Eligible Expenses**

The Plan covers the following vision care expenses:

- eye examinations performed by a legally qualified and licensed ophthalmologist or optometrist, and
- prescribed corrective lenses you receive from a legally qualified and licensed optician, ophthalmologist or optometrist.

**Excluded Expenses**

The Plan’s vision care coverage will not reimburse or make payments for expenses incurred for, caused by or resulting from:

- ophthalmic treatment or services payable under the provisions of any other benefits of the plan (ophthalmic treatment may be covered under the hospital/medical benefits described on pages 36–49),
- non-prescription eyeglasses,
- adornment expenses, and
- **out-of-network** benefits for participants and dependent(s) under age 19.

---

**Life Insurance Benefits**

**Benefit Amount**

Your life insurance coverage, which is administered by MetLife, is $25,000. Life insurance benefits are payable to your beneficiary if you die while coverage is in effect.

**Naming a Beneficiary**

Your beneficiary will be the person or persons you name in writing on a form that is kept on file at MetLife. Your beneficiary can be anyone you choose, and you can change your beneficiary designation at any time by completing and submitting a new form to MetLife. You can get a MetLife beneficiary form by going to www.32bjfunds.org, selecting the 32BJ Health Fund tab and clicking forms.

If you do not name a beneficiary, or if your beneficiary dies before you and you have not named a new beneficiary, your life insurance benefit will be payable in the following order:

1) your spouse, if living,
2) your living children, equally,
3) your living parents, equally, and
4) if none of the above, to your estate.

The Plan does not pay life insurance benefits to a designated beneficiary who is involved in any way in the purposeful death of the participant. In a case where this rule applies, if there is no named beneficiary who can receive the benefits, they will be paid in the order listed immediately above.
Life Insurance Disability Extension

If you are disabled and receiving Short-Term Disability or Workers’ Compensation benefits, your life insurance will continue for six months from the date of disability, or until your disability ends, whichever happens first.

The Fund reserves the right to re-certify disability as described on pages 18–19. If you die before you submit proof of your disability, your beneficiary must submit proof of death and total disability within 90 days after your death.

Notice of approval or denial of benefits will be sent to your designated beneficiary in writing. (See page 86 for information on appealing a denied claim.)

When Coverage Ends

Life insurance coverage ends 30 days after your covered employment ends, except as provided above or if you have Fund-paid Health Extension due to disability or arbitration. (See pages 18–19.) See pages 112–113 for information about converting your group life insurance to an individual life insurance policy.

Accidental Death & Dismemberment (AD&D) Benefits

Accidental Death & Dismemberment (“AD&D”) Insurance, which is administered by MetLife, applies to accidents on or off the job, at home or away from home. This is unlike Workers’ Compensation insurance, which covers you only on the job. You are eligible while in covered employment and for 30 days after your covered employment ends. Your AD&D benefit is in addition to your life insurance and is payable if you die or become dismembered as a result of an accident within 90 days after that accident.

How AD&D Benefits Work

If you lose your life in an accident, or both hands at or above the wrist, or both feet at or above the ankle, or sight in both eyes, or any combination of hand, foot, and sight in one eye, the AD&D benefit payable to your beneficiary is $25,000. If you lose one hand at or above the wrist, or one foot at or above the ankle, or sight in one eye, the AD&D benefit payable is $12,500.

“Loss” of a hand or foot means the actual and complete severance through or above the wrist or ankle joint. Loss of sight means the irrevocable and complete loss of sight.

For all covered losses caused by all injuries that you sustain in one accident, not more than the full amount will be paid.

Contact MetLife to claim AD&D benefits.

What Is Not Covered

AD&D insurance benefits will not be paid for injuries that result from any of the following causes:

- physical or mental illness or infirmity, or the diagnosis or treatment of such illness or infirmity,
- infection, other than occurring in an external accidental wound,
- suicide or attempted suicide,
- intentionally self-inflicted injury,
- service in the armed forces of any country or international authority, except the United States National Guard,
- any incident related to travel in an aircraft as a pilot, crew member, flight student or while acting in any capacity other than as a passenger, parachuting or other descent from an aircraft, except for self-preservation, travel in an aircraft or device used: for testing or experimental purposes, by or for any military authority, or for travel or designed for travel beyond the earth’s atmosphere,
- committing or attempting to commit a felony,
- the voluntary intake or use by any means of any drug, medication or sedative, unless it is taken or used as prescribed by a physician, or an “over the counter” drug, medication or sedative taken as directed, alcohol in combination with any drug, medication, or sedative, or poison, gas or fumes,
- war, whether declared or undeclared, or act of war, insurrection, rebellion or riot, or
• the injured party is intoxicated at the time of the incident and is the operator of a vehicle or other device involved in the incident. Intoxicated means that the injured person's blood alcohol level met or exceeded the level that creates a legal presumption of intoxication under the laws of the jurisdiction in which the incident occurred.

When Coverage Ends
AD&D insurance coverage ends 30 days after you terminate employment. Like your life insurance, your AD&D coverage may continue while you have Fund-paid Health Extension due to disability or arbitration. (See pages 18–19.)

Short-Term Disability (STD) Benefits
Participants working in Western Pennsylvania under collective bargaining agreements that require a contribution rate that covers Short-Term Disability (“STD”) benefits are covered by the Fund for STD benefits as described in this section. Please call Member Services at 1-800-551-3225 to determine your eligibility.

This plan provides a weekly income to you if you become disabled while working in covered employment. This means that you are unable to perform the duties of your regular job because of a covered accident or sickness and are under the care of a legally recognized treatment provider.

To be eligible for STD benefits, you must meet the following criteria:

• you must be considered disabled as defined by the STD plan,
• you are under the direct regular care of a non-related legally recognized treatment provider, and
• your disability is not the result of a job related or on the job injury or illness.

STD Benefit Amount. The STD benefit payable from the Plan is as follows:

• 70% of your current weekly earnings up to a maximum of $240/week.

When Benefits Begin. Benefits commence on the first day of disability due to an accident and the eighth day of disability following an illness. You may be eligible for up to 13 weeks of disability income benefits for your disability.

When Benefits End. Benefits end when any of the following events occur:

• You are no longer disabled,
• You are able to perform the major duties of your own job with reasonable accommodation, regardless of whether you return to your job,
• You return to gainful employment,
• You fail to provide proof of loss as required by the benefit administrator,
• You no longer receive regular and appropriate care for the condition you are claiming disability, or
• You have received the maximum number of weeks of STD.

Benefit Limitations and Exclusions. The following limitations and exclusions apply to this benefit:

• Your disability will not begin until you have visited a legally recognized treatment provider for the illness or injury that caused the disability.
• Each length of the disability is subject to certain disability duration standards based upon the diagnosis and may require additional medical documentation or examination as required by the benefit administrator.
• Two periods of disability due to the same or a related illness will be treated as a recurring disability if said disability recurs within 30 days after you were last entitled to benefits, provided all plan provisions are met.
• Benefits will only be paid during periods when loss of wages occurs.
• Gross weekly benefits may be reduced if you are receiving retirement benefits under the United States Social Security Act, as well as other sources of income listed in the STD plan.

Receiving STD Benefits. Your STD benefits are administered by the Guardian Life Insurance Company of America. Contact Guardian TeleGuard at 1-888-262-5670, Monday through Friday 8:00 am–5:00 pm to apply for STD benefits.

Please note that this section serves only as an overview of the Short-Term Disability benefit program and not a guarantee of payment or coverage. All claim determinations will require a full review by the plan administrator and will be subject to the terms and conditions set forth in the actual plan of insurance.
Claims and Appeals Procedures

This section describes the procedures for filing claims for Plan benefits. It also describes the procedure for you to follow if your claim is denied, in whole or in part, and you wish to appeal that decision.

Claims for Benefits

A claim for benefits is a request for Plan benefits that is made in accordance with the Plan's claims procedures. Please note that the following are not considered claims for benefits:

- inquiries about the Plan's provisions or eligibility that are unrelated to any specific benefit claim,
- a request for prior approval of a benefit that does not require prior approval by the Plan, and
- presentation of a prescription to be filled at a pharmacy that is part of the CVS Caremark network of participating pharmacies. However, if you believe that your prescription has not been filled by a participating pharmacy in accordance with the terms of the Plan, in whole or in part, you may file a claim using the procedures described on the following pages.

Filing Hospital, Medical, Mental Health and Substance Abuse Claims

If you use network providers, you do not have to file claims. The providers will do it for you. If you use out-of-network providers, here are some steps to take to make sure your hospital, medical, mental health and substance abuse claim gets processed accurately and on time:

- File claims as soon as possible and never later than 180 days after the date of service. Refer to the table on page 81 for information on where to file your claim for benefits received out-of-network. Claims filed more than 180 days after the date of service will be denied.
- Complete all information requested on the form.
- Submit all claims in English or with an English translation. Claims not in English will not be processed and will be returned to you.
- Attach original bills or receipts. Photocopies will not be accepted.
- If you have other coverage and Empire is the secondary payer, submit the original or a copy of the primary payer's EOB with your itemized bill. (See Coordination of Benefits on pages 95–98.)
- Keep a copy of your claim form and all attachments for your records.

Filing Pharmacy Claims

If you use participating pharmacies or the mail order pharmacy, you do not have to file claims. The participating pharmacies or mail order pharmacy will do it for you. If you use an out-of-network pharmacy, then you must file a claim for benefits. Refer to the table on page 81 for information on where to file your claim for benefits received out-of-network. Pharmacy claims should be filed as soon as possible, but never later than 180 days after the date the prescription was filled. Claims filed more than 180 days after the date of service will be denied.

If you have other coverage and CVS Caremark is the secondary payer, submit the original or a copy of the primary payer's EOB with your itemized bill. (See Coordination of Benefits on pages 95–98.)

Filing Dental Claims

When you see a participating Delta Dental provider, this provider will file all claims for you directly with Delta Dental, the administrator for the Plan's dental coverage. Delta Dental will pay the participating Delta Dental providers directly.

You have to file a claim when you receive care from dentists or other providers or facilities not in the Plan's participating dental provider network. You can obtain a claim form by visiting Delta Dental’s web site at www.deltadentalins.com. Here is what you need to know when you file a dental claim when you do not use a participating dental provider:

- Only an original, fully completed American Dental Association (“ADA”) claim form or approved treatment plan will be accepted for review.
- All necessary diagnostic information must accompany the claim.
- When you are the patient, your original signature or signature on file is acceptable on all claims for payment. If the patient is a child, an original signature or signature on file of the child’s parent or guardian is acceptable.
- All claims must be received by Delta Dental within 180 days after services were rendered.
- Payment for all services received from a non-participating dental provider will be made to you. It is your responsibility to pay the dentist directly for services you receive from a non-participating dentist. The Plan will not assign benefits to a non-participating dental provider.
The Plan reserves the right to withhold payment or request reimbursement from providers or participants for services that do not meet acceptable standards, as determined by its consultants or professional staff.

**Filing Vision Claims**

If you use participating vision providers, you do not have to file claims. The providers will do it for you. If you do not use a participating vision provider, you must file a vision claim with Davis Vision for reimbursement of eligible expenses. Refer to the table on page 81 for information on where to file your claim for benefits received. You can obtain a vision claim form from Member Services.

Vision claims should be filed as soon as possible, but never later than 180 days after the date of service. Claims filed more than 180 days after the date of service will be denied.

**Filing Life Insurance and AD&D Claims**

To file a claim for a life insurance benefit, your beneficiary must complete a claim form and submit a certified copy of your death certificate. A claim for life insurance should be filed as soon as possible after the participant’s death.

To file for an AD&D benefit, you must complete a claim form. In the event of your death, your beneficiary must submit a certified copy of your death certificate along with a completed claim form. A claim for an AD&D benefit must be filed within 90 days after the loss is incurred.

For both life insurance and AD&D claims, you can get claim forms by contacting MetLife.

**Filing for a Short-Term Disability Benefit**

To file a claim for Short-Term Disability (“STD”) benefits contact Guardian TeleGuard at 1-888-262-5670, Monday through Friday 8:00 am–5:00 pm to apply. All claims for STD must be filed by phone.

Approval and Denial of Claims

There are separate claims denial and approval processes for Health Services Claims (hospital, medical, mental health and substance abuse), Ancillary Health Services Claims (pharmacy, dental and vision), Life/AD&D Claims and Short-Term Disability Claims. These processes are described separately below. Please review this information to ensure that you are fully aware of these processes and what you need to do in order to comply.

Health Services Claims (Hospital, Medical, Mental Health and Substance Abuse) and Ancillary Health Services Claims (Pharmacy, Dental and Vision)

The time frames for deciding whether Health Services and Ancillary Health Services claims are approved or denied depends on whether your claim is a pre-service, an urgent care, a concurrent care or a post-service claim.

- **Pre-service claims.** This is a claim for a benefit for which the Plan requires approval of the benefit (in whole or in part) before medical care is obtained. Prior approval of services is required for inpatient hospital benefits (see page 33), certain outpatient hospital benefits (see page 33), behavioral health and substance abuse benefits (see page 33) and for certain dental benefits (see pages 64–70). For properly filed pre-service claims, you and/or your doctor or dentist will be notified of a decision within 15 days from receipt of the claim unless additional time is needed. The time for response may be extended up to 15 days if necessary due to matters beyond the control of the claims reviewer. You will be notified of the circumstances requiring the extension of time and the date by which a decision is expected to be rendered.

  If you improperly file a pre-service claim, you will be notified as soon as possible, but not later than five days after receipt of the claim. If additional information is needed from you, the extension notice will specify the information needed. In that case, you and/or your doctor will have 45 days from receipt of the notification to supply the additional information. If the information is not provided within that time, your claim will be denied.

  During the period in which you are allowed to supply additional information, the normal period for making a decision on the claim will be suspended. The deadline is suspended from the date of the extension notice either for 45 days or until the date the claims reviewer receives your response to the request (whichever is earlier). The claims reviewer will then have 15 days to make a decision on a pre-service claim and notify you of the determination.

- **Urgent care claims.** This is a claim for medical care or treatment that, if the time periods for making pre-service claim determinations were applied, could jeopardize your life, health or ability to regain maximum function or, in the opinion of a doctor, result in your having unmanageable, severe pain.

  Whether your treatment is considered urgent care is determined by an individual acting on behalf of the Fund applying the judgment of a prudent person who possesses an average knowledge of health and medicine. Any claim that a doctor with knowledge of your medical condition determines is an urgent care claim shall automatically be treated as such.

  If you (or your authorized representative*) file an urgent care claim, you will be notified of the benefit determination as soon as possible, but not later than 72 hours after receipt of your claim. However, if you do not give enough information for the claims reviewer to determine whether, or to what extent, benefits are payable, you will

  Unless the claim is refiled properly, it will not constitute a claim. If an extension is needed because additional information is needed from you, the extension notice will specify the information needed. In that case, you and/or your doctor will have 45 days from receipt of the notification to supply the additional information. If the information is not provided within that time, your claim will be denied.

* A health care professional with knowledge of your medical condition, or someone to whom you have given authorization may act as an authorized representative in connection with urgent care.
receive a request for more information within 24 hours. You will then have up to 48 hours, taking into account the circumstances, to provide the specified information to the claims reviewer. You will then be notified of the benefit determination within 48 hours after:

- the claims reviewer’s receipt of the specified information or, if earlier,
- the end of the period you were given to provide the requested information.

If you do not follow the Plan’s procedures for filing an urgent care claim, you will be notified within 24 hours of the failure and the proper procedures to follow. This notification may be oral, unless you request written notification. You will only receive notification of a procedural failure if your claim includes:

- your name,
- your specific medical condition or symptom, and
- a specific service, treatment or product for which approval is requested.

- **Concurrent care claims.** This is a claim that is reconsidered after an initial approval was made and results in a reduction, termination or extension of a benefit. An example of this type of claim would be an inpatient hospital stay originally certified for five days that is reviewed at three days to determine if additional days are appropriate. Here, the decision to reduce, end or extend treatment is made while the treatment is taking place.

Any request by a claimant to extend approved treatment will be acted upon by the claims reviewer within 24 hours of receipt of the claim, provided the claim is received at least 24 hours before the approved treatment expires.

- **Post-service claims.** This is a claim submitted for payment after health services and treatment have been obtained.

Ordinarily, you will receive a decision on your post-service claim within 30 days from receipt of the claim. This period may be extended one time for up to 15 days if the extension is necessary due to extraordinary matters. If an extension is necessary, you will be notified, before the end of the initial 30-day period, of the circumstances requiring the extension of time and the date by which a determination will be made.

If an extension is needed because additional information is needed from you, the extension notice will specify the information needed. In that case you will have 45 days from receipt of the notification to supply the additional information. If the information is not provided within that time, your claim will be denied.

During the period in which you are allowed to supply additional information, the normal period for making a decision on the claim will be suspended. The deadline is suspended from the date of the extension notice either for 45 days or until the date the claims reviewer receives your response to the request (whichever is earlier). Within 15 days after the expiration of this time period, you will be notified of the decision.

**Life and AD&D Claims**

If you, or your beneficiary, file a claim for either Life or AD&D benefits, MetLife will make a decision on the claim and notify you of the decision within 90 days. If MetLife requires an extension of time due to matters beyond its control, they are permitted an additional 90 days. MetLife will notify you, your authorized representative, your beneficiary or the executor of your estate, as applicable, before the expiration of the original 90-day period of the reason for the delay and when the decision will be made. A decision will be made within the 90-day extension period and you will be notified in writing by MetLife.

**Short-Term Disability Benefits**

If you file a claim for Short-Term Disability benefits, Guardian will make a decision on the claim and notify you within 90 days of receipt of the claim. If Guardian requires an extension of time due to matters beyond its control, Guardian is permitted an additional 90 days. Guardian will notify you prior to the expiration of the original 90-day period of the reason for the delay and when the decision will be made. A decision will be made within the 90-day extension period and you will be notified in writing by Guardian.
Notice of Decision

You will be provided with written notice of a denial of a claim that sets forth the reason(s) for denial, whether denied in whole or in part, or if any adverse benefit determination is made (for example, the Plan pays less than 100% of the claim). For urgent care and pre-service claims, you will receive notice of the determination even when the claim is approved. The timing for delivery of this notice depends on the type of claim as described on pages 82–86.

Appealing Denied Claims

An appeal is a request by you, or your authorized representative, to have an adverse benefit determination reviewed and reconsidered. There are different appeals processes for Health Services Claims (hospital, medical, mental health and substance abuse), Ancillary Health Services Claims (pharmacy, dental and vision), Life/AD&D Claims, Pensioner’s Death Benefit Claims and Short-Term Disability Claims.

The table below gives a brief overview of with whom an appeal should be filed and the levels of appeal available for each type of denied claim:

*This level of appeal is voluntary.

Filing an Appeal

For all types of claims, you have 180 days from the date of the original claim denial notification letter to file a level-one appeal following the notification of a denied claim.

Your appeal must include your identification number, dates of service in question and any relevant information in support of your appeal.

If you submit an appeal, you will be provided, free of charge, access to, or copies of, all documents, records or other information relevant to your appeal (including, in the case of an appeal involving a disability determination, the identity of any medical or vocational experts whose advice the claims reviewer used in connection with the decision to deny your application).

A document, record or other information is relevant for review if it falls into any of the following categories:

- The claims reviewer relied on it in making a decision.
- It was submitted, considered or generated in the course of making a decision (regardless of whether it was relied on).
- It demonstrates compliance with the claims reviewer’s administrative processes for ensuring consistent decision-making.
- It constitutes a statement of Plan policy regarding the denied treatment or service.

You (or your authorized representative) may submit issues, comments, documents and other information relating to the appeal (regardless of whether they were submitted with your original claim).

If you do not request a review of a denied claim within 180 days of the date of the denial, you will waive your right to a review of the denial. You must file an appeal with the appropriate party and follow the process completely before you can bring an action in court. Failure to do so may prevent you from having any legal remedy.

* An appeal of an urgent care clinical claim may be filed orally by calling Customer Care at 1-877-765-6294 or your physician may call 1-800-294-5979.

** An appeal of an urgent care dental claim may be filed orally by calling 1-800-932-0783.

Time Frames for Decisions on Appeals

The time frame within which a decision on an appeal will be made depends on the type of claim for which you are filing an appeal.

**Expedited Appeals for Urgent Care Claims**

If your claim involves urgent care for Health Services (hospital, medical, mental health and substance abuse) or certain Ancillary Health Services (pharmacy or dental) benefits, you can file an expedited appeal if your provider believes an immediate appeal is warranted because delay in treatment would pose an imminent or serious threat to your health or ability to regain maximum function, or would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. This appeal can be filed in writing or orally. You can discuss the reviewer’s determination and exchange any necessary information over the phone, via fax or any other quick way of sharing. You will receive a response within 72 hours of your request.

**Pre-Service or Concurrent Care Health Services (Hospital, Medical, Mental Health and Substance Abuse) or Ancillary Health Services (Pharmacy, Dental or Vision) Claim Appeal**

If you file an appeal of a pre-service (service not yet received) or concurrent care (service currently being received) claim that does not involve urgent care, a decision will be made and you will be notified within 30 days of the receipt of your appeal. An appeal of a cessation or reduction of a previously approved benefit will be decided as soon as possible, but in any event prior to the cessation or reduction of the benefit.
Post-Service Health Services (Hospital, Medical, Mental Health and Substance Abuse) or Ancillary Health Services (Pharmacy, Dental or Vision) Claim Appeal

If you file an appeal of a post-service claim, a decision will be made and you will be notified within 60 days of the receipt of your appeal.

Request for Expedited Appeal

You may request that the appeal process be expedited if (1) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or, in the opinion of your doctor, would cause you severe pain which cannot be managed without the requested services or drugs; or (2) your appeal involves non-authorization of an admission or a continuing inpatient hospital stay. Empire's physician reviewer or CVS Caremark's independent medical specialist, as applicable, in consultation with the treating physician, will decide if an expedited appeal is necessary. When an appeal is expedited, Empire or CVS Caremark will respond orally with a decision within 72 hours, and Empire or CVS Caremark will also send a written notice of the decision.

Second Level of Appeal for Claims Involving Medical Judgment

Health Services Claims (Hospital, Medical, Mental Health and Substance Abuse) and Pharmacy Claims

Health Services Claims. If you are not fully satisfied with the decision of Empire's level-one appeal decision of a claim that involved Medical Judgment, you may request that your appeal be sent to an Independent Review Organization (“IRO”) for review. The IRO is composed of persons who are not employed by Empire, or any of its affiliates. A decision to request an appeal to an IRO will not affect your rights to any other benefits under the Plan.

There is no charge for this independent review process. The Plan will abide by the decision of the IRO. In order to request a referral to an IRO, the reason for the denial must be based on a Medical Judgment or clinical appropriateness determination by Empire. As noted above, Medical Judgment means a determination based on, but not limited to, the Plan's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or a determination that a treatment is experimental or investigational. Administrative, eligibility, or benefit coverage limits or exclusions are not eligible for review by the IRO.

To request a review, you must notify Empire within four months of the date of Empire's level-one appeal denial letter. Empire will then forward the file to the IRO. The IRO will provide written notice of its decision within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by Empire's physician reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from a facility, the IRO review shall be completed within 72 hours.

Pharmacy Claims. If you are not fully satisfied with the decision of CVS Caremark's level-one appeal review of a claim that involved Medical Judgment, you may request that your appeal be sent to an IRO for review. The IRO is composed of persons who are not employed by CVS Caremark, or any of its affiliates. A decision to request an appeal to an IRO will not affect your rights to any other benefits under the Plan.

There is no charge for this independent review process. CVS Caremark will abide by the decision of the IRO. In order to request a referral to an IRO, the reason for the denial must be based on a Medical Judgment or clinical appropriateness determination by CVS Caremark. As noted above, Medical Judgment means a determination based on, but not limited to, the Plan's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or a determination that a treatment is experimental or investigational. Administrative, eligibility, or benefit coverage limits or exclusions are not eligible for review by the IRO.

To request a review, you must notify CVS Caremark within four months of the date of CVS Caremark's level-one appeal review denial letter. CVS Caremark will then forward the file to the IRO. The IRO will provide written notice of its decision within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by CVS Caremark's independent medical specialist, the IRO review shall be completed within 72 hours.
Voluntary Level of Appeal

Administrative Health Services and Pharmacy Claims, Ancillary Health Services Claims (Dental and Vision), Life/AD&D Claims and STD Claims

Once you have received notice of the denial of your timely(5) level-one appeal of an administrative(6) Health Services or Pharmacy Claim, or level-one appeal of an Ancillary Services Claim (dental or vision), a Life/AD&D or STD claim, you have exhausted all required internal appeal options.

If you disagree with the decision, you are free to file a civil action under Section 502(a) of Employee Retirement Income Security Act of 1974 (“ERISA”). You may not start a lawsuit to obtain benefits until you have completed the mandatory appeals process and a final decision has been reached, or until the appropriate time frame described in the SPD has elapsed since you filed an appeal and you have not received a final decision or notice that an extension will be necessary to reach a final decision. In addition, no lawsuit may be started more than three years after the date on which the applicable appeal was denied. Alternately, you may file a voluntary appeal with the Appeals Committee of the Board of Trustees. This voluntary appeal must be filed within 180 days of the date of the appeal denial letter provided to you by the applicable reviewer as listed in the table under the section Appealing Denied Claims.

The voluntary level of appeal is available only after you (or your representative) have pursued the appropriate mandatory appeals process required by the Plan, as described previously. This level of appeal is completely voluntary; it is not required by the Plan and is only available if you (or your representative) request it. The Plan will not assert a failure to exhaust administrative remedies where you, (or your authorized representative), elect to pursue a claim in court rather than through the voluntary level of appeal. The Plan will not impose fees or costs on you (or your representative) because you (or your authorized representative) choose to invoke the voluntary appeals process. Your decision as to whether or not to submit a benefit dispute to the voluntary level of appeal will have no effect on your rights to any other benefits under the Plan. Upon your request, the Plan will provide you (or your representative) with sufficient information to make an informed judgment about whether to submit information to make an informed judgment about whether to submit a claim through the voluntary appeal process, including your right to representation.

Your voluntary appeal must include your identification number, dates of service in question and any additional information that supports your appeal. You (or your authorized representative) can write to the Appeals Committee at the following address:

Building Service 32BJ Health Fund
Board of Trustees – Appeals Committee
25 West 18th Street
New York, NY 10011-4676

If you (or your authorized representative) chooses to pursue a claim in court after completing the voluntary appeal, the statute of limitations applicable to your claim, which is three years under the terms of the Plan, will be tolled (suspended) during the period of the voluntary appeals process.

Life Insurance and AD&D Claim Appeal

Under ERISA, if your claim is denied, in whole or in part, you (or your authorized representative) may request the adverse determination be reviewed and reconsidered by filing a written appeal with MetLife. Your appeal must be made within one hundred eighty (180) days of the date the claim is denied and be mailed to:

MetLife
P.O. Box 6100
Scranton, PA 18505

If you fail to appeal within one hundred eighty (180) days, you will waive your right to a review of the denial. Please include in your appeal letter the reason(s) you believe the claim was improperly denied, and submit any additional comments, documents, records or other information relating to your claim that you deem appropriate to enable MetLife to give your appeal proper consideration. Upon your written request, MetLife will provide you with a copy of the records and/or reports that are relevant to your claim.

(5) The Appeals Committee does not hear voluntary appeals for claims for which the mandatory appeals were not timely filed with the appropriate appeals reviewer. If your appeal was denied as untimely by the appeals reviewer, there is no voluntary appeal to the Board of Trustees’ Appeals Committee.

(6) An administrative Health Services or Pharmacy Claim is one which did not involve Medical Judgment. An administrative claim could include, for example, a claim that a benefit exceeded the plan limit or was not a covered service or drug.
MetLife will carefully evaluate all the information and advise the claimant of its decision within sixty (60) days after the receipt of the appeal. If there are special circumstances requiring additional time to complete the review, we may take up to an additional sixty (60) days, but only after notifying the claimant of the special circumstances in writing.

STD Claim Appeal

If your claim is denied, Guardian will supply you with a written explanation of their decision, along with instructions on how to appeal their determination. You have up to 180 days to file an appeal of that decision. If you file an appeal of a denied claim for STD benefits, Guardian will make a decision on the appeal and notify you within 45 days of receipt of the appeal. If Guardian requires an extension of time due to matters beyond its control, Guardian is permitted an additional 45 days. Guardian will notify you prior to the expiration of the original 45-day period to advise if an extension is needed. A decision will be made by the end of the 90-day period and you will be notified in writing by Guardian.

Appeal Decision Notice

You will be notified in writing in 5 days from the date your appeal is reviewed by the Appeals Committee of the decision of your appeal.

Further Action

All decisions on appeal will be final and binding on all parties, subject only to your right to bring a civil action under Section 502(a) of ERISA after you have exhausted the Plan's appeal procedures.

You may not start a lawsuit to obtain benefits until you have completed the mandatory appeals process and a final decision has been reached, or until the appropriate time frame described in this booklet has elapsed since you filed an appeal and you have not received a final decision or notice that an extension will be necessary to reach a final decision. In addition, no lawsuit may be started more than three years after the date on which the applicable appeal was denied. If there is no decision on the appeal, no lawsuit may be started more than three years after the time when the Appeals Committee should have decided the appeal.

If you have any questions about the appeals process, please contact the Compliance Office. For questions about your appeal rights or for assistance, you can contact the Employee Benefits Security Administration at 1-866-444-EBSA (3272) or www.askebsa.dol.gov.

Incompetence

If someone who is entitled to benefits from the Plan is determined to be unable to care for his or her affairs because of illness, accident or incapacity, either mental or physical, any payment due may be made instead to someone else, such as a spouse or a legal custodian. The Fund will decide who is entitled to benefits in cases like this.

Mailing Address

It is important that you notify Member Services whenever your address changes. If you become unreachable, the Fund will hold any benefit payments due you, without interest, until payment can be made. You are considered unreachable if a letter sent to you by first-class mail to your last known address is returned.

Coordination of Benefits

You, or your dependent(s), may have health care coverage under two plans. For example, your spouse may have employer-provided health insurance or be enrolled in Medicare. When this happens, the two plans will coordinate their benefit payments so that the combined payments do not exceed the allowable charges (or actual cost, if less). This process, known as Coordination of Benefits (“COB”), establishes which plan pays first and which one pays second. The plan that pays first is the primary plan; the plan that pays second is the secondary plan. The primary plan may reimburse you first and the secondary plan may reimburse you for the remaining expenses to the maximum of the allowable charges for the covered services.

The Plan uses the Non-Duplication of Benefits application of COB. This means that when this Plan is the secondary plan, it determines how much it would have paid as the primary plan and then subtracts whatever the primary plan paid as its benefit. Then this Plan, the secondary plan,
pays the difference. If there is no difference, then this plan, as the secondary plan, pays nothing.

COB will ensure that you receive the maximum benefit allowed by the Plan, while possibly reducing the cost of services to the Plan. You will not lose benefits you are entitled to under this Plan and may gain benefits if your spouse's plan has better coverage in any area.

Except for the situations such as Medicare and TRICARE, as described on the following page, the rules for determining which plan is primary are as follows:

- If the other plan does not have a COB provision with regard to the particular expense, that plan is always primary.
- The plan that covers the patient as an active employee is primary and the plan that covers the patient as a dependent is secondary.
- If the patient is covered both as an active employee (or as a dependent of an active employee) and as either a laid-off employee or a retired employee, then the active employee's plan will be primary. However, if the other plan does not have this rule and the two plans do not agree as to which coverage is primary, then this rule will not apply.
- If the patient is a dependent child of parents who are not separated or divorced, then the plan covering the parent whose birthday falls earlier in the calendar year is primary and pays first. If the other plan does not use this “birthday rule”, then that plan is primary, unless the primary plan is already determined under the above rules.
- If the patient is a dependent child of parents who are legally separated or divorced, the plan of the parent with custody will be primary; the other parent's plan will be secondary. In the event the parent with custody has remarried, the plan of the parent (or stepparent) with custody will be primary and the plan of the parent without custody will be secondary. If there is a court decree giving one parent financial responsibility for the medical expenses, then that parent's plan becomes primary without regard to the other rules in this paragraph.
- If none of the above rules establishes which plan is the primary plan, the plan that has covered the patient the longest, continuously, in the period of coverage in which the expense is incurred is the primary plan.

If both you and your spouse are participants under this Plan, your benefits are coordinated in the same manner as anyone else (that is, as if you and your spouse were covered under different plans). You will not receive reimbursement for more than the allowable charges for the covered services, and you will not be reimbursed for required co-payments.

**Medicare**

- If you, or your dependent(s), become eligible for Medicare due to age or disability (according to the standards applied by Social Security) and you are in covered employment, you, or your dependent(s), can keep or cancel (spouse can cancel when he or she reaches age 65) your coverage under this Plan. If you (or your dependent(s)) decide to be covered by both this Plan and Medicare, this Plan will be primary and Medicare will be secondary as long as you remain in covered employment. If you cancel your coverage under this Plan, you cannot elect back into this Plan. Additionally, if you cancel your coverage under this Plan, the Plan will not be allowed to offer you any benefits that would supplement Medicare's benefits.
- If you are not in covered employment and you (or your dependent(s)) are eligible for Medicare due to age or disability (according to the standards applied by Social Security), Medicare is primary and this Plan is secondary for each covered family member who is eligible for Medicare. Those covered family members who are not eligible for Medicare continue to receive primary coverage from this Plan.

*End-stage Renal Disease.* For covered patients with end-stage renal disease, Medicare is the secondary payer of benefits during the first 30 months of treatment. After this 30-month period is over, Medicare permanently becomes the primary payer. Note that this Plan will pay as the secondary plan after the 30-month period even if you (or your dependent(s)) fail to enroll in Medicare Part B.

**TRICARE.** If you, or an eligible dependent, are covered by this Plan and TRICARE, this Plan pays first and TRICARE pays second.

**No-fault Benefits.** If a person covered by this Plan has a claim, which involves a motor vehicle accident covered by the “no-fault” insurance law of any state, health care expenses must be reimbursed first by the no-fault
insurance carrier. Only when the claimant has exhausted his or her health care benefits under the no-fault coverage will he or she be entitled to receive health care benefits under this Plan. If there are expenses for services that are covered under this Plan and which are not completely reimbursed by the no-fault carrier, such expenses may be reimbursed under this Plan, subject to the Plan’s applicable maximums and other provisions. If you are covered for loss of earnings by any motor vehicle no-fault liability carrier, the disability benefits payable by this Plan will be reduced by any no-fault benefits available to you for loss of earnings.

Other Coverage Provided By State or Federal Law. If you are covered by both this Plan and any other insurance provided by any other state or Federal law, the insurance provided by any other state or Federal law pays first and this Plan pays second.

Workers’ Compensation. This Plan does not provide benefits for expenses covered by Workers’ Compensation or occupational disease laws. If an employer disputes the application of Workers’ Compensation law for the illness or injury for which expenses are incurred, the Plan will pay benefits, subject to its right to recover those payments if and when it is determined that they are covered under a Workers’ Compensation or occupational disease law (for information about subrogation and reimbursement of benefits, see pages 99–102).

Your Disclosures to the Fund: Fraud

Everyone who is entitled to claim benefits from the Plan must furnish to the Fund all necessary information in writing as may be reasonably requested for the purpose of establishing, maintaining and administering the Plan. Failure to comply with such requests promptly and in good faith will be sufficient grounds for delaying or denying payment of benefits. The Board will be the sole judge of the standard of proof required in any case, and may periodically adopt such formulas, methods and procedures as the Board considers advisable.

The information you give to the Fund, including statements concerning your age and marital status, affects the determination of your benefits. If any of the information you provide is false, or if you perform an act or practice constituting fraud, or make an intentional misrepresentation of material fact, you may be required to indemnify and repay the Fund for any losses or damages caused by your false statements, fraud or misrepresentation. In addition, if a claim has been submitted for payment or paid by the Fund as a result of false statements, fraud or misrepresentation, the Fund may seek reimbursement, may elect to pursue the matter by pressing criminal charges and may take any other action deemed reasonable. Knowingly claiming benefits for someone who is not eligible is considered fraud and could subject you to criminal prosecution.

The Board reserves the right to cancel or rescind Fund coverage for any participant or enrolled dependent who willfully and knowingly engages in any activity intended to defraud the Fund. If a claim has been submitted for payment or paid by the Fund as a result of fraudulent representations, such as enrolling a dependent who is not eligible for coverage, the Fund will seek reimbursement and may elect to pursue the matter by pressing criminal charges.

The Fund regularly evaluates claims to detect fraud or false statements. The Fund must be advised of any discounts or price adjustments made to you by any provider. A provider who waives or refunds co-payments or co-insurance is entering into a discount arrangement with you unless that provider has a preapproved written agreement with the Fund for that kind of waiver or refund. If you are not sure that your provider has such a preapproved written agreement, you may call Member Services at 1-800-551-3225 for assistance.

The Fund calculates the benefit payment based on the amount actually charged, less any discounts, rebates, waivers, or refunds of co-payments, co-insurance or deductibles, where applicable, to member’s plan.

Subrogation and Reimbursement

If another party or other source makes payments relating to a sickness or injury for which benefits have already been paid under the Plan, then the Fund is entitled to recover the amount of those benefits. You, and your dependent(s), may be required to sign a reimbursement agreement if you
seek payment of medical expenses relating to the sickness or injury under the Plan before you have received the full amount you would recover through a judgment, settlement, insurance payment or other source. In addition, you, and your dependent(s), may be required to sign necessary documents and to promptly notify the Fund of any legal action.

If you, or your dependent(s), are injured as a result of negligence or other wrongful acts, whether caused by you, your dependent(s) or by another party, and you, or your dependent(s), apply to this Fund for benefits and receive such benefits, this Fund shall then have a first priority lien for the full amount of those benefits should you recover any monies from any party that caused, contributed to or aggravated the injuries or from any other source otherwise responsible for payment thereof. This first priority lien applies whether these monies come directly from your own insurance company, another person or his or her insurance company, or any other source (including, but not limited to, any person, corporation, entity, uninsured motorist coverage, personal umbrella coverage, medical payments coverage, Workers’ Compensation coverage or no-fault automobile coverage, or any other insurance policy or plan).

This lien arises through operation of the Plan. No additional subrogation or reimbursement agreement is necessary. The Fund’s lien is a lien on the proceeds of any compromise, settlement, judgment and/or verdict received from any source.

Any and all amounts received from any party or any other source by judgment, settlement or otherwise, must be applied first to satisfy your reimbursement obligation to the Fund for the amount of medical expenses paid on your behalf or on your dependent’s behalf. The Fund’s lien is a lien of first priority for the entire recovery of funds paid on your behalf. Where the recovery from another party or any other source is partial or incomplete, the Fund’s right to reimbursement takes priority over you, or your dependent’s, right of recovery, regardless of whether or not you, or your dependent, have been made whole for his or her injuries or losses. The Fund does not recognize, and is not bound by, any application of the “make whole” doctrine.

The Board has the discretion to interpret any vague or ambiguous term or provision in favor of the Fund’s subrogation or reimbursement rights.

By applying for and receiving benefits under the Fund, you agree:

- to restore to the Fund the full amount of the benefits that are paid to you and/or your dependent(s) from the proceeds of any compromise, settlement, judgment and/or verdict, to the extent permitted by law,
- that the proceeds of any compromise, settlement, judgment and/or verdict received from another party, an insurance carrier or any other source, if paid directly to you (or to any other person or entity), will be held by you (or such other person or entity) in a constructible trust for the Fund. (The same rules apply to any other person to whom you assign your rights.) The recipient of such proceeds is a fiduciary of the Fund with respect to such funds and is subject to the fiduciary provisions and obligations of ERISA. The Fund reserves the right to seek recovery from such person, entity or trust and to name such person, entity or trust as a defendant in any litigation arising out of the Fund’s subrogation or reimbursement rights,
- that any lien the Fund may seek will not be reduced by any attorney fees, court costs or disbursements that you and/or your attorney might incur in an action to recover from another party or any other source, and these expenses may not be used to offset your obligation to restore the full amount of the lien to the Fund, and
- that any recovery will not be reduced by, and is not subject to, the application of the common fund doctrine for the recovery of attorney’s fees.

We strongly recommend that if you are injured as a result of the negligence or wrongful act of another party, or if injuries resulted from your own acts, or the acts of your dependent(s), you should contact your attorney for advice and counsel. However, this Fund cannot, and does not, pay for your attorney fees. The Fund does not require you to seek any recovery whatsoever against another party or any other source, and if you do not receive any recovery, you are not obligated in any way to reimburse the Fund for any of the benefits that you applied for and accepted. However, in the event that you do not pursue any and all third parties or any other responsible sources, the Fund is authorized to pursue, sue, compromise or settle (at the Board’s discretion) any such claims on your behalf and you agree to execute any and all documents necessary to pursue said claims, and you agree to fully cooperate with the Fund in the prosecution of any such claims.
Should you seek to recover any monies from another party or any other source that caused, contributed to, aggravated your injuries or is otherwise responsible, it is a rule of this Plan that you must give notice in writing of same to the Fund within ten days after either you, or your attorney, first attempt to recover such monies, or institute a lawsuit, or enter into settlement negotiations with another or take any other similar action. You must also cooperate with the Fund's reasonable requests concerning the Fund's subrogation and reimbursement rights and keep the Fund informed of any important developments in your action. You must also provide the Fund with any information or documents, upon request, that pertain to, or are relevant to, your actions. If litigation is commenced, you are required to give at least five days written notice to the Fund prior to any action to be taken as part of such litigation including, but not limited to, any pretrial conferences or other court dates. Representatives of the Fund reserve the right to attend such pretrial conferences or other court proceedings.

In the event you fail to notify the Fund as provided for above, and/or fail to restore to the Fund such funds as provided for above, the Fund reserves the right, in addition to all other remedies available to it at law or equity, to withhold or offset any other monies that might be due you, or your dependent(s), from the Fund for past or future claims, until such time as the Fund’s lien is discharged and/or satisfied.

For information about subrogation and any impact this may have on your health care claims, contact the Fund’s subrogation administrator at the following address:

Meridian Resource Company
P.O. Box 2025
Milwaukee, WI 53201-2025

Overpayments

• If you (or your dependent or beneficiary) are overpaid for a claim, you (or your dependent or beneficiary) must return the overpayment. The Fund will have the right to recover any payments made that were based on false or fraudulent information, as well as any payments made in error. Amounts recovered may include interest and costs. If repayment is not made, the Fund may deduct the overpayment amount from any future benefits from this Fund that you (or your dependent or beneficiary) would otherwise receive, or a lawsuit may be initiated to recover the overpayment.

• If payment is made on your (or your dependent’s) behalf to a hospital, doctor or other provider of health care and that payment is found to be an overpayment, the Fund will request a refund of the overpayment from the provider. If the refund is not received, the amount of the overpayment will be deducted from future benefits payable to the provider, or a lawsuit may be initiated to recover the overpayment.

Continued Group Health Coverage

During a Family and Medical Leave

The Family and Medical Leave Act ("FMLA") allows up to 12 weeks of unpaid leave during any 12-month period due to:

• the birth, adoption or placement with you for adoption of a child,
• to provide care for a spouse, child or parent who is seriously ill,
• your own serious illness, or
• certain qualifying exigencies arising out of a covered military member’s active duty status, or notification of an impending call or order to active duty status in support of a contingency operation.

In addition, FMLA allows up to 26 weeks of leave in a single 12-month period to care for a covered service member recovering from a serious injury or illness. Eligible employees are entitled to a combined total of up to 26 weeks of all types of FMLA leave during the single 12-month period.
During FMLA leave, you can continue all of your medical coverage and other benefits offered through the Plan. You are generally eligible for a leave under the FMLA if you:

- have worked for the same contributing employer for at least 12 months,
- have worked at least 1,250 hours over the previous 12 months, and
- work at a location where at least 50 employees are employed by the employer within 75 miles.

Check with your employer to determine if you are eligible for FMLA.

The Fund will maintain the employee's eligibility status until the end of the leave, provided the contributing employer properly grants the leave under the FMLA and the contributing employer makes the required notification and payment to the Fund. Of course, any changes in the Plan's terms, rules or practices that go into effect while you are away on leave apply to you, and your dependent(s), the same as to active employees and their dependent(s). Call Member Services regarding coverage during FMLA leave.

**During Military Leave**

If you are on active military duty for 31 days or less, you will continue to receive medical coverage in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (“USERRA”). If you are on active duty for more than 31 days, USERRA permits you to continue medical and dental coverage for you, and your dependent(s), at your own expense for up to 24 months provided you enroll for coverage. This continuation coverage operates in the same way as COBRA. (See pages 105–110 for information on COBRA.) In addition, your dependent(s) may be eligible for health care under TRICARE. This Plan will coordinate coverage with TRICARE. (See pages 97–98.)

When you return to work after receiving an honorable discharge, your full eligibility will be reinstated on the day you return to work with a participating employer, provided that you return to employment within one of the following time frames:

- 90 days from the date of discharge if the period of military service was more than 180 days,
- 14 days from the date of discharge if the period of military service was 31 days or more, but less than 180 days, or
- at the beginning of the first full regularly scheduled working period on the first calendar day following discharge (plus travel time and additional eight hours) if the period of service was less than 31 days.

If you are hospitalized or convalescing from an injury resulting from active duty, these time limits may be extended for up to two years. Contact Member Services for more details.

**Under COBRA**

Under a Federal law called the Consolidated Omnibus Budget Reconciliation Act of 1986 (“COBRA”), group health plans are required to offer temporary continuation of health coverage, on an employee-pay-all basis, in certain situations when coverage would otherwise end. “Health coverage” includes the Fund's hospital, medical, behavioral health and substance abuse, dental, prescription drug and vision coverage.

You do not have to prove that you are in good health to choose COBRA continuation coverage, but you do have to meet the Plan's COBRA eligibility requirements and you must apply for coverage. The Fund reserves the right to end your COBRA coverage retroactively if you are determined to be ineligible.

If you are disabled and receiving (or are approved to receive) benefits under Short-Term Disability or Workers’ Compensation, the Plan provides coverage for up to six months as long as you remain disabled, are unable to work and you apply for coverage. If you are terminated by your employer and your termination is going to arbitration seeking reinstatement, the Plan provides coverage for up to six months. In these two cases of extended health coverage, you do not have to pay the premium since it is paid by the Fund. Keep in mind that the maximum period that you have COBRA coverage is reduced by any period of time you received Fund-paid Health Extension. (See pages 17–20 for additional information on Fund-paid Health Extension.)
The following table shows when you, and your eligible dependent(s), may qualify for continued coverage under COBRA, and how long your coverage may continue. Please keep in mind that the following information is a summary of the law and is, therefore, general in nature. If you have any questions about COBRA, please contact Member Services:

</tbody>
</table>

If you marry, have a newborn child or have a child placed with you for adoption while you are covered under COBRA, you may enroll that spouse or dependent child for coverage for the balance of the COBRA continuation period, on the same terms available to active participants. The same rules about dependent status and qualifying changes in family status that apply to active participants will apply to you and/or your dependent(s). Once COBRA is elected, you cannot transfer between family and single coverage, unless you experience a qualified change in family status.

**FMLA leave.** If you do not return to active employment after your FMLA leave of absence, you become eligible for COBRA continuation as a result of your termination of employment. For COBRA purposes, your employment is considered “terminated” at the end of the FMLA leave or the date that you give notice to your employer that you will not be returning to active employment, whichever happens first.

**Multiple Qualifying Events.** If your dependent(s) qualify for COBRA coverage in more than one way, they may be eligible for a longer continuation coverage period up to 36 months from the date they first qualified. For example, if you terminate employment, you, and your enrolled dependent(s), may be eligible for 18 months of continued coverage. During this 18-month period, if your dependent child stops being eligible for dependent coverage under the Plan (a second Qualifying Event), your child may be eligible for an additional period of continued coverage.

The two periods combined cannot exceed a total of 36 months from the date of your termination (the first Qualifying Event). A second Qualifying Event may also occur if you become legally separated, get legally divorced or die.

Continued coverage for up to 29 months from the date of the initial event may be available to those who, during the first 60 days of continuation coverage, become totally disabled within the meaning of Title II or XVI of the Social Security Act. This additional 11 months is available to you, and your eligible dependent(s), if notice of disability is provided to the Fund within 60 days after the Social Security determination of disability is issued and before the 18-month continuation period runs out. The cost of the additional 11 months coverage will increase to 150% of the full cost of coverage.
To make sure you get all of the COBRA coverage you are entitled to, contact Member Services whenever something happens that makes you, or your dependent(s), eligible for COBRA coverage.

Notifying the Fund of a Qualifying Event. Under the law, in order to have a right to elect COBRA coverage, you, or your dependent(s), are responsible for notifying Member Services of your legal separation or divorce, a child losing dependent status under the Plan or if you become disabled (or you are no longer disabled), as determined by the Social Security Administration. You (or your family member) must notify Member Services in writing of any of these events no later than 60 days after the event occurs or 60 days after the date coverage would have been lost under the Plan because of that event, whichever is later. Your notice must include the following information:

- name(s) of the individual(s) interested in COBRA continuation, and the relationship to the participant,
- date of the Qualifying Event, and
- type of Qualifying Event. (See the table of Qualifying Events on page 106.)

When your employer must notify the Fund. Your employer is responsible for notifying the Fund of your death, termination of employment or reduction in hours of employment. Your employer must notify the Fund of one of these Qualifying Events within 30 days of the date of the Qualifying Event. Once notified, the Fund will send you a COBRA notice within 14 days.

Making a COBRA election. Once the Fund is notified of your Qualifying Event, you will receive a COBRA notice and an election form. In order to elect COBRA, you, or your dependent(s), must submit the COBRA election form to Member Services within 60 days after the date you would lose health coverage under the Fund or 60 days after the date of the COBRA notice, whichever is later.

Each of your eligible dependent(s) has an independent election right for COBRA coverage. This means that each dependent can decide whether or not to continue coverage under COBRA. If you elect family coverage, you, or your dependent(s), will only be able to convert to single coverage if either you, or your dependent(s), die, you and your spouse divorce or you, or your dependent(s), enroll in Medicare and the Fund terminates your COBRA coverage. If you elect single coverage, you will only be able to convert to family coverage if you marry, have a child or adopt a child.

If you are age 65 or older when you incur a Qualifying Event that requires an offer of COBRA coverage to you and your dependent(s), Medicare will be primary and this Plan will be secondary for you and any of your dependent(s) who are age 65 or older. If you do not secure both Medicare Part A and Part B coverage, even though this Plan pays as secondary, you will be financially responsible for what Medicare would have paid.

Anyone who elects COBRA continuation coverage must promptly notify Member Services of address changes.

Paying for COBRA coverage. If you, or your dependent(s), elect to continue coverage, you or they must pay the full cost of the coverage elected. The Fund is permitted to charge you the full cost of coverage for active employees and families, plus an additional 2% (and up to an additional 50% for the 11-month disability extension). The first payment is due no later than 45 days after the election to receive coverage (and it will cover the period from the date you would lose coverage until the date of payment). Thereafter, payments are due on the first of each month. If payment is not received on the first of the month, coverage will be terminated. However, if your payment is made within 30 days of the due date, coverage will be reinstated retroactive to the due date. Costs may change from year-to-year. Contact Member Services for more information about the cost of your COBRA coverage.

If you fail to notify Member Services of your decision to elect COBRA continuation coverage or if you fail to make the required payment, your Plan coverage will end (and cannot be reinstated).

What COBRA coverage provides. COBRA generally offers the same health coverage that is made available to similarly situated employees or family members; however, Life/AD&D and STD are not available, except as provided under Fund-paid Health Extension for up to six months. If, during the period of COBRA continuation coverage, the Plan’s benefits change for active employees, the same changes will apply to COBRA recipients.
When COBRA coverage ends. COBRA coverage ordinarily ends after the maximum coverage period shown in the table on page 106. It will stop before the end of the maximum period under any of the following circumstances:

- A COBRA recipient fails to make the required COBRA contributions on time.
- A COBRA recipient becomes enrolled in Medicare (Part A, Part B or both) after the date of the COBRA election, or becomes covered under another group plan that does not have a pre-existing conditions clause that affects the COBRA recipient’s coverage. (7)
- Coverage has been extended for up to 29 months due to disability and there has been a final determination that the COBRA recipient is no longer disabled. The COBRA recipient must notify Member Services within 30 days of any such final determination.

If COBRA is terminated prior to the end of the original period, you will be notified.

Once your COBRA continuation coverage terminates for any reason, it cannot be reinstated.

Other Health Plan Information You Should Know

Assignment of Plan Benefits

To the extent permitted by law, your rights under this plan may not be voluntarily or involuntarily assigned, transferred or alienated. You cannot pledge the benefits owed to you for the purpose of obtaining a loan. Rights under the Plan that cannot be assigned include your right to the services provided, the right to collect from the Plan for those services, the right to receive Plan documents and disclosures, the right to appeal benefits or claims determinations or the right to sue to enforce any such rights. However, the Plan reserves the right to pay all benefits due you to your health services provider and such payment shall extinguish any and all rights you may have under the Plan with respect to the services to which such payment relates.

Although as described above, you may not assign to a provider your right to file an appeal under the Plan’s Appeals Procedures or to file a suit for benefits under Section 502 of ERISA, you may allow a provider to act as your authorized representative in an appeal under the Plan’s Appeals Procedures.

If you have any questions about this notice or want further information about the changes, please contact Member Services at 1-800-551-3225 between the hours of 8:30 am to 5:00 pm Monday through Friday, or visit us on-line at www.32bjfunds.org.

Benefits or payments under the Plan are not otherwise assignable or transferable, except as the law requires. Benefits also are not subject to any creditor’s claim or to legal process by any creditor of any covered individual, except under a Qualified Medical Child Support Order (“QMCSO”). A QMCSO is an order issued by a state court or agency that requires an employee to provide coverage under group health plans to a child.

A QMCSO usually results from a divorce or legal separation. Whenever Member Services gets a QMCSO, its qualified status is carefully reviewed by the Fund in accordance with QMCSO procedures adopted by the Board and Federal law. For more information on QMCSOs, or to obtain a copy of the Plan’s QMCSO procedures free of charge, contact the Fund’s Compliance Office at the address on page 120.

No Liability for Practice of Medicine

Neither the Fund, the Board nor any of their designees:

- are engaged in the practice of medicine, nor do any of them have any control over any diagnosis, treatment, care or lack thereof, or any health care services provided or delivered to you by any health care provider, and
- will have any liability whatsoever for any loss or injury caused to you by any health care provider by reason of negligence, by failure to provide care or treatment, or otherwise.

(7) There are limitations on the Plan’s imposing pre-existing condition exclusions, and such exclusions became prohibited in 2014.
**Privacy of Protected Health Information**

The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") is a Federal law that imposes certain confidentiality and security obligations on the Fund with respect to medical records and other individually identifiable health information used or disclosed by the Fund. HIPAA also gives you rights with respect to your health information, including certain rights to receive copies of the health information that the Fund maintains about you, and knowing how your health information may be used. A complete description of how the Fund uses your health information, and your other rights under HIPAA's privacy rules is available in the Fund's "Notice of Privacy Practices", which is distributed to all named participants. Anyone may request an additional copy of this Notice by contacting the Compliance Office at the address on page 120.

The Fund's Board of Trustees adopted certain HIPAA privacy and security language that requires the Board of Trustees, in its role as Plan Sponsor of the Fund, to keep your health information private and secure. Any questions you may have about HIPAA may be directed to the Compliance Office at the address on page 120.

**Converting to Individual Coverage**

*Life Insurance.* After your group life insurance under the Plan ends, you may convert it to an individual life insurance policy, as long as you apply for converted coverage within:

- 31 days from the date benefits were terminated, or
- 45 days from the date notice is given, if notice is given more than 15 days but less than 90 days after the date benefits were terminated. (This time period is separate and apart from the Plan's COBRA provisions.)

You may convert your group coverage only to a Whole Life, Universal Life or One-Year Non-Renewable Term policy. The amount converted to an individual policy cannot be more than the amount you had under the group policy. The amount of your life insurance coverage is $25,000.

Your individual policy will become effective 61 days after the termination of your coverage. Group life insurance protection continues in force; however, during the applicable period cited above, whether or not you exercise the conversion option. Contact MetLife for more information about converting life insurance.

*All Other Plan Benefits.* You cannot convert hospital, medical, mental health and substance abuse, prescription drug, dental, vision, AD&D, or STD benefits to individual coverage.

**General Information**

**Employer Contributions**

The Plan receives contributions in accordance with collective bargaining agreements between the Realty Advisory Board on Labor Relations, Inc., or various independent employers and your union. These collective bargaining agreements provide that employers contribute to the Fund on behalf of each covered employee. Employers that are parties to such collective bargaining agreements may also participate in the Fund on behalf of non-collectively bargained employees, if approved by the Trustees, by signing a participation agreement. Certain other employers (such as Local 32BJ itself and the 32BJ Benefit Funds) participate in the Fund on behalf of their employees by signing a participation agreement.

The Compliance Office will provide you, upon written request, with information as to whether a particular employer is contributing to the Fund on behalf of participants working under a collective bargaining agreement or participation agreement and, if so, to which Plan the employer is contributing.
How Benefits May Be Reduced, Delayed or Lost

There are certain situations under which benefits may be reduced, delayed or lost. Most of these circumstances are spelled out in this booklet, but benefit payments also may be affected if you, your dependent, your beneficiary or your provider of services, as applicable, do not:

• file a claim for benefits properly or on time,
• furnish the information required to complete or verify a claim,
• have a current address on file with Member Services, and
• cash checks within 18 months of the date issued. The amounts of such uncash checks will be restored to the Fund’s assets and added to net assets available for benefits on the Fund’s financial statements.

You should also be aware that Plan benefits are not payable for enrolled dependent(s) who become ineligible due to age, marriage, divorce or legal separation (unless they elect and pay for COBRA benefits, as described on pages 105–110).

If the Plan mistakenly pays more than you are eligible for, or pays benefits that were not authorized by the Plan, the Fund may seek any permissible remedy allowed by law to recover benefits paid in error. (Also see Subrogation and Reimbursement on pages 99–102 and Overpayments on page 103.)

Compliance with Federal Law

The Plan is governed by regulations and rulings of the Internal Revenue Service and the Department of Labor, and current tax law. The Plan will always be construed to comply with these regulations, rulings and laws. Generally, Federal law takes precedence over state law.

Plan Amendment or Termination

The Board intends to continue the Plan indefinitely, but reserves the right to amend or terminate it, in its sole discretion. If the Plan is terminated or otherwise amended, it will not affect your right to receive reimbursement for eligible expenses you have incurred prior to termination or amendment.

Upon a full termination of the Plan, Plan assets will be applied to provide benefits in accordance with the applicable provisions of the Trust Agreement and Federal law.

Keep in mind that the benefits provided under the Plan are not vested. This is true for retirees, as well as active employees. Therefore, at any time the Board can end or amend benefits, including retiree benefits, in its sole and absolute discretion.

Plan Administration

The Plan is what the law calls a “health and welfare” benefits program. Benefits are provided from the Fund’s assets. Those assets are accumulated under the provisions of the Trust Agreement and are held in a Trust Fund for the purpose of providing benefits to covered participants and dependent(s) and defraying reasonable administrative expenses.

The Plan is administered by the Board of Trustees. The Board governs this Plan in accordance with an Agreement and Declaration of Trust. The Board and/or its duly authorized designee(s) has the exclusive right, power and authority, in its sole and absolute discretion, to administer, apply and interpret the Plan established under the Trust Agreement, and to decide all matters arising in connection with the operation or administration of the Plan established under the Trust. Without limiting the generality of the foregoing, the Board and/or its duly authorized designees, including the Appeals Committee with regard to benefit claim appeals, shall have the sole and absolute discretionary authority to:

• take all actions and make all decisions with respect to the eligibility for, and the amount of, benefits payable under the Plan,
• formulate, interpret and apply rules, regulations and policies necessary to administer the Plan in accordance with the terms of the Plan,
• decide questions, including legal or factual questions, relating to the calculation and payment of benefits under the Plan,
• resolve and/or clarify any ambiguities, inconsistencies and omissions arising under the Plan, as described in this SPD, the Trust Agreement or other Plan documents,
• process and approve or deny benefit claims and rule on any benefit exclusions, and
• determine the standard of proof required in any case.

All determinations and interpretations made by the Board and/or its duly authorized designee(s) shall be final and binding upon all participants, eligible dependent(s), beneficiaries and any other individuals claiming benefits under the Plan.

The Board has delegated certain administrative and operational functions to the Fund staff, other organizations and to the Appeals Committee. Most of your day-to-day questions can be answered by Member Services staff. If you wish to contact the Board, please write to:

Statement of Rights under the Employee Retirement Income Security Act of 1974 as Amended

As a participant in the Building Service 32BJ Health Fund, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (“ERISA”). ERISA provides that all Plan participants shall be entitled to:

- Examine, without charge, at the Compliance Office, all documents governing the Plan, including insurance contracts, collective bargaining agreements, participation agreements and the latest annual report (Form 5500 series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration (“EBSA”).
- Obtain, upon written request to the Compliance Office, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, participation agreements, the latest annual report (Form 5500 series) and an updated SPD. The Fund may make a reasonable charge for the copies.
- Receive a summary of the Plan’s annual financial report. The Board is required by law to furnish each participant with a copy of this summary annual report.
- Continue Group Health Coverage.

You may continue group health coverage for yourself, spouse or dependent(s) if there is a loss of coverage under the Plan as a result of a Qualifying Event. You, or your dependent(s), may have to pay for such coverage. Review this booklet (see pages 105–110 for information about COBRA) and the documents governing the Plan on the rules governing your COBRA continuation rights.

Reduction or Elimination of Exclusionary Periods of Coverage for Pre-Existing Conditions Under the Plan

If you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to a pre-existing condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your new coverage.⁻⁰

Prudent Action by Plan Fiduciaries

In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate your Plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other Plan participants and beneficiaries. No one, including your employer, your union or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

⁻⁰There are limitations on the Plan’s imposing pre-existing condition exclusions, and such exclusions became prohibited in 2014.
Enforce Your Rights
If your claim for a benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court after you have exhausted the Plan’s appeal process. If it should happen that Fund fiduciaries misuse the Fund’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in Federal court. You may not file a lawsuit until you have followed the appeal procedures described on pages 78–95. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance With Your Questions
If you have any questions about your Plan, you should contact the Plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan administrator, you should contact the nearest office of EBSA, U.S. Department of Labor, listed in your telephone directory, or the:

Division of Technical Assistance and Inquiries
Employee Benefits Security Administration (EBSA)
U.S. Department of Labor
200 Constitution Avenue N.W.
Washington, DC 20210

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of EBSA or by visiting the Department of Labor’s website: http://www.dol.gov or call their toll-free number at 1-866-444-3272.

Plan Facts
This SPD is the formal plan document for the Tri-State Plan of the Health Fund.

Plan Name: Building Service 32BJ Health Fund
Employer Identification Number: 13-2928869
Plan Number: 501
Plan Year: July 1–June 30
Type of Plan: Welfare Plan

Funding of Benefits and Type of Administration
Self funded, except MetLife insures the Life and AD&D insurance benefits and Guardian insures Short-Term Disability benefits. All contributions to the Trust Fund are made by contributing employers under the Plan in accordance with their written agreements. Benefits are administered by the organizations listed in the table on page 81.

Plan Sponsor and Administrator
The Plan is administered by a joint Board of Trustees consisting of Union Trustees and Employer Trustees. The office of the Board may be contacted at:

Board of Trustees
Building Service 32BJ Health Fund
25 West 18th Street
New York, NY 10011-4676
Participating Employers

The Compliance Office will provide you, upon written request, with information as to whether a particular employer is contributing to the Plan on behalf of employees working under a written agreement, as well as the address of such employer. Additionally, a complete list of employers and unions sponsoring the Plan may be obtained upon written request to the Compliance Office and is available for examination at the Compliance Office.

To contact the Compliance Office, write to:

Compliance Office
Building Service 32BJ Benefit Funds
25 West 18th Street
New York, NY 10011-4676

To contact the Health Fund, call:

1-800-551-3225

or write to:

Building Service 32BJ Health Fund
25 West 18th Street
New York, NY 10011-4676

Agent for Service of Legal Process

The Board has been designated as the agent for the service of legal process. Legal process may be served at the Compliance Office or on the individual Trustees. For disputes arising under the portion of the Plan insured by MetLife, service of legal process may be made upon MetLife at their local offices or upon the supervisory official of the Insurance Department of the state in which you reside. For disputes under the portion of the Plan insured by Guardian, service of legal process may be made upon Guardian at their local offices or upon the supervisory official of the Insurance Department of the state in which you reside.

Glossary

Allowed amount means the maximum the Fund will pay for a covered service. When you go in-network, the allowed amount is based on an agreement with the provider. When you go out-of-network, the allowed amount is based on the Fund’s payment rate of allowed charges to a network provider.

Ambulette means ground transportation to or from a licensed medical facility when arranged by the Plan’s Medical Management Department. This is covered only as a home health care expense, meaning you need to be eligible for home health care in order to receive coverage for the ambulette.

Co-insurance means the 30% you pay toward eligible out-of-network medical expenses.

Contributing employer (or “employer”) is a person, company or other employing entity that has signed a collective bargaining agreement or participation agreement with the union or trust, and the agreement requires contributions to the Health Fund for work in covered employment.

Co-payment means the flat-dollar fee you pay for office visits, hi-tech radiology, outpatient hospital visits, emergency room visits and hospital admissions and certain covered services (such as prescription drugs) when you use participating providers. The Plan then pays 100% of the remaining covered expenses.

Covered employment means work in a classification for which your employer is required to make contributions to the Fund.

Covered services are the services for which the Fund provides benefits under the terms of the Plan.

Deductible means the dollar amount you must pay each calendar year before benefits become payable for covered out-of-network services.
Doctor or Physician means a licensed and qualified provider (M.D., D.O., D.C. or D.P.M.) who is authorized to practice medicine, perform surgery and/or prescribe drugs under the laws of the state or jurisdiction where the services are rendered, acts within the scope of his or her license and is not the patient or the parent, spouse, sibling (by birth or marriage) or child of the patient.

Emergency means a condition whose symptoms are so serious that someone who is not a doctor, but who has average knowledge of health and medicine, could reasonably expect that, without immediate medical attention, the following would happen:

- the patient’s health would be placed in serious jeopardy,
- there would be serious problems with the patient’s body functions, organs or parts,
- there would be serious disfigurement, or
- the patient or those around him or her would be placed in serious jeopardy, in the event of a behavioral health emergency.

Severe chest pains, extensive bleeding and seizures are examples of emergency conditions.

In-network benefits are benefits for covered services delivered by providers and suppliers who have contracted with the Fund, Empire, CVS Caremark, Delta or with any other administrators under contract to the Fund, to provide services and supplies at a pre-negotiated rate. Services provided must fall within the scope of their individual professional licenses.

Medically necessary, as determined by the applicable third party administrator or the Fund, means services, supplies or equipment that satisfy all of the following criteria:

- are provided by a doctor, hospital or other provider of health services,
- are consistent with the symptoms or diagnosis and treatment of an illness or injury; or are preventive in nature, such as annual physical examinations, well-woman care, well-child care and immunizations, and are specified by the Plan as covered,
- are not experimental, except as specified otherwise in this booklet,
- meet the standards of good medical practice,
- meet the medical and surgical appropriateness requirements established under Empire BlueCross BlueShield medical policy guidelines,
- provide the most appropriate level and type of service that can be safely provided to the patient,
- are not solely for the convenience of the patient, the family or the provider, and
- are not primarily custodial.

The fact that a network provider may have prescribed, recommended or approved a service, supply or equipment does not, in itself, make it medically necessary.

Network means the same as in-network.

Out-of-network provider/supplier means a doctor, other professional provider or durable medical equipment, home health care or home infusion supplier who is not in the Plan’s network for hospital, medical, mental health and substance abuse, prescription drug, vision or dental services.

Participating provider (or “in-network provider”) means a provider that has agreed to provide services, treatment and supplies at a pre-negotiated rate under the medical, dental, prescription drug and vision plans.

TRICARE (formerly CHAMPUS) is the health services and support program for U.S. Military Personnel on active duty, U.S. Military retirees and their families.
transplants, a facility must satisfy the BlueCross BlueShield Association's quality

evolve. To qualify as a Blue Distinction Center of Medical Excellence for

Cellular Therapy and is subject to periodic re-evaluation as criteria continue to

Registry of Transplant Recipients and the Foundation for the Accreditation of

the Center for International Blood and Marrow Transplant Research, the Scientific

with expert

patients. Each facility meets stringent clinical criteria, established in collaboration

commitment to quality care, resulting in overall better outcomes for transplant

Blue Distinction Centers of Medical Excellence have demonstrated their

1

Footnotes

1 Hospital/facility is a fully licensed acute-care general facility that has all of the

following on its own premises:

• a broad scope of major surgical, medical, therapeutic and diagnostic services

available at all times to treat almost all illnesses, accidents and emergencies,

• 24-hour general nursing service with registered nurses who are on duty and

present in the hospital at all times,

• a fully staffed operating room suitable for major surgery, together with anesthesia

service and equipment (the hospital must perform major surgery frequently

enough to maintain a high level of expertise with respect to such surgery in order

to ensure quality care),

• assigned emergency personnel and a "crash cart" to treat cardiac arrest and other

medical emergencies,

• diagnostic radiology facilities,

• a pathology laboratory, and

• an organized medical staff of licensed doctors.

For pregnancy and childbirth services, the definition of "hospital" includes any

birthing center that has a participation agreement with either Empire or, for PPO

participants, another BlueCross and/or BlueShield plan.

For physical therapy purposes, the definition of a "hospital" may include a

rehabilitation facility either approved by Empire or participating with Empire or, for

PPO participants, another BlueCross and/or BlueShield plan other than

specified above.

For kidney dialysis treatment, covered in-network only at facilities within the

Empire network, a facility in New York State qualifies for in-network benefits if

the facility has an operating certificate issued by the New York State Department

of Health, and participates with Empire or another BlueCross and/or BlueShield

plan. In other states, the facility must participate with another BlueCross and/or

BlueShield plan and be certified by the state using criteria similar to New York’s.

Blue Distinction Centers of Medical Excellence have demonstrated their

commitment to quality care, resulting in overall better outcomes for transplant

patients. Each facility meets stringent clinical criteria, established in collaboration

with expert physicians’ and medical organizations’ recommendations, including

the Center for International Blood and Marrow Transplant Research, the Scientific

Registry of Transplant Recipients and the Foundation for the Accreditation of

Cellular Therapy and is subject to periodic re-evaluation as criteria continue to

evolve. To qualify as a Blue Distinction Center of Medical Excellence for

transplants, a facility must satisfy the BlueCross BlueShield Association’s quality

based selection criteria. Each facility responds to an Association survey which

examines the facilities clinical structure, processes and outcomes for transplant

services, as well as the facility’s responses to the Standardized Transplant

Administrative Survey for the United Network for Organ Sharing ("UNOS").

For certain specified benefits, the definition of a "hospital" or "facility" may

include a hospital, hospital department or facility that has a special agreement

with Empire.

Empire does not recognize as hospitals: nursing or convalescent homes and

institutions, rehabilitation facilities (except as noted above), institutions primarily

for rest or for the aged, spas, sanitariums, infirmaries at schools, colleges or camps;

and any institution primarily for the treatment of drug addiction, alcoholism or

behavioral care.

2 Outpatient surgery includes hospital surgical facilities, surgeons and surgical

assistants, chemotherapy and radiation therapy, including medications, in a

hospital outpatient department, doctor’s office or facility (medications that are

part of outpatient hospital treatment are covered if they are prescribed by the

hospital and filled by the hospital pharmacy). Same-day, ambulatory or outpatient

surgery (including invasive diagnostic procedures) means surgery that does not

require an overnight stay in a hospital and:

• is performed in a same-day or hospital outpatient surgical facility,

• requires the use of both surgical operating and postoperative recovery rooms,

• does not require an inpatient hospital admission, and

• would justify an inpatient hospital admission in the absence of a same-day

surgery program.

3 Kidney dialysis treatment (including hemodialysis and peritoneal dialysis)

covered in-network only, is covered in the following settings until Medicare

becomes primary for end-stage renal disease dialysis (which occurs after 30

months):

• at home, when provided, supervised and arranged by a doctor and the patient

has registered with an approved kidney disease treatment center (not covered:

professional assistance to perform dialysis and any furniture, electrical,

plumbing or other fixtures needed in the home to permit home dialysis

treatment), or

• in a hospital-based or free-standing facility.

4 Skilled nursing facility means a licensed institution (or a distinct part of a hospital)

that is primarily engaged in providing continuous skilled nursing care and related

services for patients who require medical care, nursing care or rehabilitation

services. Skilled nursing facilities are useful when you do not need the level of care a

hospital provides, but you are not well enough to recover at home. The Plan covers
inpatient care in a skilled nursing facility, for up to 60 days of inpatient care per person per year. However, you must use an in-network facility and your doctor must provide a referral and a written treatment plan, a projected length of stay and an explanation of the needed services and the intended benefits of care. Care must be provided under the direct supervision of a doctor, registered nurse, physical therapist or other health care professional.

5 **Hospice care** is for patients who are diagnosed as terminally ill (that is, they have a life expectancy of six months or less). Hospice care is covered in full in-network only; there are no out-of-network hospice benefits. The Plan covers hospice services when the patient's doctor certifies that the patient is terminally ill and the hospice care is provided by a hospice organization certified by the state in which the hospice organization is located. Hospice care services include:

- up to 12 hours a day of intermittent nursing care by an RN or LPN,
- medical care by the hospice doctor,
- drugs and medications prescribed by the patient's doctor that are not experimental and are approved for use by the most recent "Physicians' Desk Reference",
- approved drugs and medications,
- physical, occupational, speech and respiratory therapy when required,
- lab tests, X-rays, chemotherapy and radiation therapy,
- social and counseling services for the patient's family, including bereavement counseling visits for up to one year following the patient's death (if eligible),
- medically necessary transportation between home and hospital or hospice,
- medical supplies and rental of durable medical equipment, and
- up to 14 hours of respite care a week.

6 **Home health care** means services and supplies, including nursing care by a registered nurse ("RN") or licensed practical nurse ("LPN") and home health aid services. The Plan covers up to 200 home health care visits per person per year (in-network only), as long as your doctor certifies that home health care is medically necessary and approves a written treatment plan. Up to four hours of care by an RN, a home health aide or a physical therapist count as one home health care visit. Benefits are payable for up to three visits a day. Home health care services include:

- part-time nursing care by an RN or LPN,
- part-time home health aid services,
- restorative physical, occupational or speech therapy,
- medications, medical equipment and medical supplies prescribed by a doctor,
- laboratory tests, and
- ambulette service when arranged by the Plan's Medical Management Department.

7 **Home infusion therapy**, a service sometimes provided during home health care visits is available only in-network. These services must be arranged for by your treating physician. An Empire POS network home health care agency or home infusion supplier may not bill you for covered services. If you receive a bill from one of these providers, contact Member Services.

8 **Emergency room treatment benefits** Remember to contact the Medical Management Department at the phone number on the back of your Empire ID Card within 48 hours after an emergency hospital admission, as described on pages 32–33, to pre-certify any continued stay in the hospital. If you have an emergency outside the Empire POS Operating Area (see page 31), show your Empire ID Card when visiting a local BlueCross BlueShield participating provider. If the hospital participates with another BlueCross and/or BlueShield program, your claim will be processed by the local BlueCross plan. If it is a non-participating hospital, you will need to file a claim in order to be reimbursed for your eligible expenses.

9 **Ambulance services** are covered in an emergency and in other situations when it is medically appropriate (such as taking a patient home when the patient has a major fracture or needs oxygen during the trip home). Air ambulance is covered when the patient's medical condition is such that the time needed to transport by land poses a threat to the patient's survival or seriously endangers the patient's health, or the patient's location is such that accessibility is only feasible by air transportation, and the patient is transported to the nearest hospital with appropriate facilities for treatment and there is a medical condition that is life threatening. Life threatening medical conditions include, but are not limited to, the following:

- Intracranial bleeding,
- Cardiogenic shock,
- Major burns requiring immediate treatment in a Burn Center,
- Conditions requiring immediate treatment in a Hyperbaric Oxygen Unit,
- Multiple severe injuries,
- Transplants,
• Limb-threatening trauma,
• High risk pregnancy, and
• Acute myocardial infarction, if this would enable the patient to receive a more timely medically necessary intervention (such as PTCA or fibrinolytic therapy). Pre-certification of air ambulance is required in non-emergency situations.

10 Diabetes coverage includes diet information, management and supplies (such as blood glucose monitors, testing strips and syringes) prescribed by an authorized provider.

11 Preventive care under the Plan includes routine physicals, subject to limits shown on page 43. Eligible expenses include X-rays, laboratory or other tests given in connection with the exam and materials for immunizations for infectious diseases. Adults are covered for immunizations if medically necessary.

12 Well-child care covers visits to a pediatrician, family practice doctor, nurse or a licensed nurse practitioner. Regular checkups may include a physical examination, medical history review, developmental assessment, guidance on normal childhood development and laboratory tests. The tests may be performed in the office or a laboratory and must be within five days of the doctor’s office visit. The number of well-child visits covered per year depends on your child’s age, as shown in the table on page 43. Covered immunizations include: Diphtheria, Tetanus and Pertussis (“DtaP”), Hepatitis B, Haemophilus influenza Type B (“Hib”), Pneumococcus (“PCV”), Polio (“IPV”), Measles, Mumps and Rubella (“MMR”), Varicella (“chicken pox”), Tetanus-diphtheria (“Td”), Hepatitis A & influenza, HPV, Rotavirus, Meningococcal – polysaccharide and conjugate, other immunizations as determined by the American Academy of Pediatrics, Superintendent of Insurance and the Commissioner of Health in New York State or the state where your child lives.

13 Services of a certified nurse-midwife are covered if she or he is affiliated with, or practicing in conjunction with, a licensed facility and the services are provided under qualified medical direction.

14 Pre-planned home delivery of a child by a certified nurse-midwife is a covered service. The reimbursement rate for this service is at the contracted Empire POS Obstetrician/Gynecologist global rate.

15 Physical therapy is covered for up to 30 days of covered inpatient physical therapy per person per year (in-network and out-of-network combined). Physical therapy, physical medicine and rehabilitation services, or any combination of these, are covered as long as the treatment is prescribed by your doctor and designed to improve or restore physical functioning within a reasonable period of time. If you receive therapy on an inpatient basis, it must be short-term. Occupational, speech and vision therapy are covered if prescribed by your doctor and provided by a licensed therapist (occupational, speech or vision, as applicable) in your home, in a therapist’s office or in an approved outpatient facility.

Up to 30 outpatient visits are covered per year for physical therapy. Speech, vision and occupational therapy combined are covered for up to 30 visits per year. You must receive any such services only through a network provider in the home, office or the outpatient department of a network facility. For outpatient physical therapy, your participating therapist will pre-certify services required after your first assessment visit.

16 Durable medical equipment and supplies means buying, renting and/or repairing prosthetics (such as artificial limbs), orthotics and other durable medical equipment and supplies, but you must go in-network for them. In addition to the items listed above, the Plan covers:

• prosthetics/orthotics and durable medical equipment from suppliers, when prescribed by a doctor and approved by Empire including:
  – artificial arms, legs, eyes, ears, nose, larynx and external breast prostheses,
  – supportive devices essential to the use of an artificial limb,
  – corrective braces,
  – wheelchairs, hospital-type beds, oxygen equipment and sleep apnea monitors,
  – replacement of covered medical equipment because of wear, damage, growth or change in the patient’s need when ordered by a doctor, and
  – reasonable cost of repairs and maintenance for covered medical equipment.

The network supplier must pre-certify the rental or purchase of durable medical equipment. In addition, the Plan will cover the cost of buying equipment when the purchase price is expected to be less costly than long-term rental, or when the item is not available on a rental basis.

17 Nutritional supplements include enteral formulas, which are covered if the patient has a written order from a doctor that states the formula is medically necessary and effective, and that without it the patient would become malnourished, suffer from serious physical disorders or die. Modified solid food products will be covered for the treatment of certain inherited diseases if the patient has a written order from a doctor.

18 Cosmetic surgery will be considered not medically necessary unless it is necessitated by injury, is for breast reconstruction after cancer surgery or is necessary to lessen a disfiguring disease or a deformity arising from, or directly
related to, a congenital abnormality. *Cosmetic treatment* includes any procedure that is directed at improving the patient’s appearance and does not meaningfully promote the proper function of the body or prevent or treat illness or disease.

19 *Experimental or “investigative”* means treatment that, for the particular diagnosis or treatment of the enrolled person’s condition, is not of proven benefit and not generally recognized by the medical community (as reflected in published literature). Government approval of a specific technology or treatment does not necessarily prove that it is appropriate or effective for a particular diagnosis or treatment of an enrolled person’s condition. A claims administrator may require that any or all of the following criteria be met to determine whether a technology, treatment, procedure, biological product, medical device or drug is experimental, investigative, obsolete or ineffective:

- there is final market approval by the U.S. Food and Drug Administration ("FDA") for the patient’s particular diagnosis or condition, except for certain drugs prescribed for the treatment of cancer; once the FDA approves use of a medical device, drug or biological product for a particular diagnosis or condition, use for another diagnosis or condition may require that additional criteria be met,
- published peer-reviewed medical literature must conclude that the technology has a definite positive effect on health outcomes,
- published evidence must show that over time, the treatment improves health outcomes (i.e., the beneficial effects outweigh any harmful effects), and
- published proof must show that the treatment at the least improves health outcomes or that it can be used in appropriate medical situations where the established treatment cannot be used. Published proof must show that the treatment improves health outcomes in standard medical practice, not just in an experimental laboratory setting.

This Summary of Material Modifications ("SMM") supplements, modifies or replaces information presented in the Building Service 32BJ Health Fund Summary Plan Description ("SPD") for the Suburban WPA Plan dated January 1, 2016, and any SMM issued after January 1, 2016, and before April 1, 2019 (the effective date of this SMM). Specifically, Frequently Asked Question 14 on page 12, the sections “About Participating Providers and 5 Star Centers” and “When You Go In-Network” on pages 27-28, the section “Overview of Out-of-Pocket Expenses on pages 34-35 and pages 36-49 are deleted in their entirety and replaced by the contents in this booklet. Please keep this document with your copy of the SPD for future reference.

**Page 12:** Frequently Asked Question 14 is deleted in its entirety and replaced by the below:

14. **What is my out-of-pocket cost for an in-network hospital* inpatient stay?**

*Co-payment.* Hospital inpatient stays have a $100 **co-payment** at **preferred in-network hospitals** and a $1,000 co-payment at **non-preferred in-network hospitals**. If you are admitted as an in-patient to a **non-preferred in-network hospital** due to an emergency you will have a $100 co-payment.

If you are unsure whether a hospital is a **preferred in-network hospital** with a $100 co-payment, before you go or receive any services, check the list available on the Plan’s website at www.32bjfunds.org or call Member Services at 1-800-551-3225. Your doctor or surgeon may not know that your plan has higher co-payments at **non-preferred in-network hospitals**. Even if the hospital your doctor or surgeon wants to send you to or schedule your services at is in-network, it may be a **non-preferred hospital**, which will require you to pay a $1,000 co-payment.

Using a **preferred in-network hospital** will keep your costs down.

**Deductible, Co-insurance and Balance Billing.** In most cases, you will not have additional costs above the $100 or $1,000 co-payment. However, talk to your **doctor** to make sure that your surgeon and other providers are also in-network. Because if they are not, you may be responsible for **deductibles** and co-insurance and you may be balance billed if the out-of-network provider’s charges exceed the maximum allowed amount.

_____________________________________________________

* You can get a list of **preferred hospitals** and a list of **non-preferred hospitals** on the Plan’s website at www.32bjfunds.org.
About Participating Providers, 5 Star Centers and Preferred and Non-Preferred Hospitals and Facilities

Within Empire’s POS network, there are participating doctors, also called in-network, as well as preferred and non-preferred in-network hospitals. Preferred in-network hospitals and facilities and independent non-hospital owned facilities have lower co-payments than non-preferred in-network hospitals and facilities.

Using preferred in-network hospitals and facilities and independent non-hospital owned facilities will keep your costs down.

In addition to Empire’s network, the 32BJ Health Fund has identified a limited network of 5 Star Center Providers and partnered with preferred in-network hospitals to provide certain services.

When You Go In-Network
When you use an in-network provider, you will have lower costs or no costs for covered services. In addition, there are no deductibles or co-insurance to pay, and no claims to file or track. However, certain procedures, such as total joint replacement or bariatric surgery, have specific limitations on in-network care. See the tables on pages 36–49 for details. Please note that there are different costs for using preferred and non-preferred in-network hospitals and facilities. These cost differences are described below.

When you use a 5 Star Center Provider, your expenses are covered at the highest level. You have no co-payment for office visits provided by the 5 Star Center Provider.

When you use a participating provider, your expenses are still covered but it will cost you more. Your co-payment for participating primary care physicians is $20 per office visit and for participating specialists is $40 per office visit.

The co-payment for all participating mental/behavioral health or substance abuse professionals is $20 per office visit.

When you have procedures like physical therapy or diagnostic tests (excluding blood work) in the outpatient department of a preferred in-network hospital or facility, you will pay a $75 co-payment. Those same procedures in the outpatient department of a non-preferred in-network hospital or facility will require you to pay a $250 co-payment. You can avoid these out-patient co-payments by having these procedures done in an independent non-hospital owned facility or doctor’s office.

In-network benefits apply only to services and supplies that are both covered by the Plan and provided or authorized by a network provider. The network provider will assess your medical needs and advise you on appropriate care, as well as take care of any necessary tests, pre-certifications or hospital admissions. When you use a doctor, hospital or other provider in-network, the Plan generally pays 100% after the applicable co-payment for most charges, including hospitalization. (See Schedule of Covered Services on pages 36–49.) You will not have to pay a deductible.

You should always check with your in-network provider (or you can call Member Services at 1-800-551-
3225) to be sure that any referrals to other doctors or for diagnostic tests are also with an in-network provider.

It is a good idea to check with your in-network provider to find out if the hospital or facility where they want to send you or schedule your services is in-network and whether it is preferred or non-preferred. Your doctor or surgeon may not know that certain in-network hospitals and facilities have higher co-payments.

Before you go to or have services scheduled at an in-network hospital or facility recommended by your doctor or surgeon, you should check to see if the hospital or facility is on the list of preferred in-network hospitals and facilities. A list of preferred and non-preferred in-network hospitals and facilities is available on the Plan’s website at www.32bjfunds.org. You may also call Member Services at 1-800-551-3225 for assistance. Failure to go to a preferred in-network hospital or facility will result in higher co-payments. (See Schedule of Covered Services on pages 36–49.)

**Pages 34-35: The section “Overview of Out-of-Pocket Expenses” is deleted in its entirety and replaced by the following new section:**

**Overview of Out-of-Pocket Expenses**

The amount you are required to pay depends on where you receive your care and what kind of care you receive. In every case, you can minimize your out-of-pocket expense by using 5 Star Center Providers where they are available and by staying in-network.

There are no lifetime or annual dollar maximums for benefits. Some benefits have annual visit maximums. (See Schedule of Covered Services on pages 36–49.)

Remember, the maximum annual out-of-pocket amount you will pay for in-network hospital and medical co-payments is $6,100 for an individual and $12,200 for a family.* If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. There are no other co-payments for in-network hospital or medical services for the remainder of the calendar year once you reach this annual maximum.

---

* HHS examines the limits annually and may increase them based on the premium adjustment percentage (an estimate of the average change in health insurance premiums). The Plan will change its out-of-pocket maximums each January 1 to match HHS’ limits.
**Primary care physicians include internists, general practitioners, family practitioners, pediatricians, and obstetricians/gynecologists.**

<tr>
<td>Well-child care provides for regular check-ups and preventive health services, and immunizations identified in footnote 12</td>
<td>$250 co-payment</td>
<td></td>
<td>Well-child visits are subject to the frequency limits listed below and preventive health services based on age:</td>
</tr>
</tbody>
</table>

Well-child care visits are subject to the following frequency:

- Number of Visits/Age Range: 1 exam at birth/Newborn • 6 visits/Under 1 • 7 visits/1-4 yrs. old • 7 visits/5-11 yrs. old • 6 visits/12-17 yrs. old • 2 visits/18-19 yrs. old

- Routine immunizations – all ages (includes travel immunizations)

- Mammograms **

- Nutritional counseling

* See footnotes 11 and 12 on page 128.

The Plan covers certain preventive care services without imposing any co-payments when using an in-network provider. The four areas of preventive care services are:

- evidence-based items or services with an A or B rating recommended by the United States Preventive Services Task Force ("USPSTF"),
- immunizations for routine use in children, adolescents, or adults recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention,
- evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration ("HRSA") for infants, children, and adolescents, and
- other evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by HRSA for women.

Some of the preventive care services that are covered are listed in the table above. The list of preventive care services may change. You may find a list of preventive care services at www.hhs.gov or by contacting Member Services at 1-800-551-3225.

** Coverage of mammograms regardless of age for covered persons with a past history of cancer or who have a first degree relative (parent, sibling, child) with a prior history of breast cancer, upon the recommendation of a physician.

* Dental care is also covered under the Plan’s dental benefit described on pages 61-70 of this SPD. When a dental procedure is eligible for coverage under both your hospital/medical plan and the dental plan, your hospital/medical plan will always be the primary payor.

Page 123: The following terms are added to the Glossary:

Preferred in-network hospitals and facilities (preferred hospitals and facilities) are those that have lower costs for care and have been identified as such by the Plan.

Non-preferred in-network hospitals and facilities (non-preferred hospitals and facilities) are those that have higher costs for care and have been identified as such by the Plan.
Summary of Material Modifications
Building Service 32BJ Health Fund Suburban PA Plan
(Formerly the Empire Suburban WPA Plan)

The following is a list of changes and clarifications which have occurred since the printing of the Building Service 32BJ Health Fund Summary Plan Description (SPD) for the Suburban PA Plan (formerly the Empire Suburban WPA Plan) dated January 1, 2016. This Summary of Material Modifications (SMM) supplements or modifies the information presented in your SPD with respect to the Plan. Please keep this document with your copy of the SPD for future reference.

Change in Plan Name Front Cover and Throughout the SPD: Effective January 1, 2020, references to Empire Suburban WPA Plan and Suburban WPA Plan are deleted and replaced with Suburban PA Plan.

Appointment of Union Trustee Page 1: Effective October 9, 2019, Manny Pastreich has been appointed as Union Trustee and his contact information is added as follows:

Manny Pastreich
Director, Collective Bargaining & Employer Relations
32BJ SEIU
1025 Vermont Avenue NW
7th Floor
Washington, DC 20005-3577

Change in Union Trustee’s Title Page 1: Effective August 1, 2019, Larry Englestein’s title is deleted in its entirety and replaced with Secretary-Treasurer/Executive Vice President.

Appointment of Union Trustee Page 1: Effective July 15, 2019, Kyle E. Bragg has been appointed to replace Hector J. Figueroa as Union Trustee.

Resignation of Union Trustee Page 1: Effective April 12, 2019, Kevin J. Doyle resigned as Union Trustee. His contact information is deleted in its entirety.

Change in Employer Trustee’s Address Page 1: Effective January 1, 2019, Howard Rothschild’s address is deleted in its entirety and replaced with Reality Advisory Board on Labor Relations, Inc., One Penn Plaza, Suite 2110, New York, NY 10119-2109.

Change in Director Page 1: Effective May 19, 2018, Sara Rothstein has replaced Angelo V. Dascoli as Director of the Building Service 32BJ Health Fund.

Change in Executive Director Page 1: Effective January 1, 2018, Peter Goldberger has replaced Susan Cowell as Executive Director of the Building Service 32BJ Benefit Funds.

Change in Fund Auditors Name Page 1: Effective August 31, 2017, Bond Beebe has joined Withum Smith + Brown, PC, and has changed its name to Withum Smith + Brown, PC.

Provision of Prescription Drug, Dental and Vision Benefits to School District of Philadelphia Employees Page 8: Effective May 1, 2020, the second bullet is deleted in its entirety and replaced with the following bullet:
• The level of contributions provided for in your collective bargaining agreement or participation agreement determines the Plan and benefits for which you are eligible.

Expansion of Coverage Area Page 8: Effective January 1, 2020, a new bullet is added after the second bullet:

• In general, the Suburban PA Plan covers participants working in the state of Pennsylvania.

Change in Co-payment Page 10 (FAQ 6): Effective January 1, 2020, the co-payment for a doctor’s office visit with a participating primary care provider is reduced from $20 to $15.

Clarification in Coverage of Allergy Visits Page 11: The last sentence in the answer to FAQ 11 is deleted and replaced with the following sentence:

For example, treatment for allergy care is covered up to 12 treatment visits per calendar year, plus up to two testing visits per calendar year. (See pages 38–51 for all services with visit limits.)

Addition of Continued Health Coverage Rules Due to Disability for School District of Philadelphia Employees Page 15: Effective January 1, 2020, the following new FAQ is added:

25A. I am an employee of the Philadelphia School District, what happens to my health coverage if I become disabled?

You may be eligible for up to 30 months* of continued health coverage at no cost to you. To be eligible, you must:

• Have become disabled while working in covered employment,
• Be unable to work,
• Be receiving or approved to receive one of the following benefits:
  o Short-Term Disability (“STD”), or
  o Workers’ Compensation.

*Under the Health Extension, the School District of Philadelphia provides up to the first 12 months of coverage for employees on STD, thereafter the Fund provides up to an additional 18 months of coverage for employees on Workers’ Compensation. All coverage counts toward the period in which you are entitled to continuing coverage under COBRA.

Clarification on Cancelation of Coverage When Eligible for Medicare Page 16: the following new bullet is added after the second bullet in the list under the section When You Are No Longer Eligible:

• on the date you cancel your coverage because you are eligible for Medicare,

Addition of Health Extension and Disability Rules for School District of Philadelphia Employees Page 17: Effective January 1, 2020, after the “COBRA” section, the following sections are added:

Health Extension (Employees of the School District of Philadelphia)

If all eligibility requirements are met, either the School District of Philadelphia or the Fund will pay for health coverage in the following situations: disability, which must have occurred while you were in covered employment, and arbitration. All periods of the Health Extension will count toward the period in which you are entitled to continuing coverage under COBRA. The Health Extension includes the Plan’s hospital, medical, and behavioral health and substance abuse benefits. Life insurance and AD&D are continued only for the first six months. (See page 74 for the Life Insurance Disability Extension.)

To receive this extended coverage, return the documentation from the list in the Health Extension section of the COBRA election notice. If you fail to timely return the required documentation, you may lose eligibility for continuation of coverage under the Health Extension. The required documents (e.g., proof of disability), must be returned to:

  COBRA Department
  Building Service 32BJ Benefit Funds
  25 West 18th Street
  New York, NY 10011-4676
Disability (Employees of the School District of Philadelphia)
You may continue to be eligible for up to 30 months of health coverage* (see Health Extension above) provided you return the required documentation set forth in the Health Extension section of the COBRA election notice, are unable to work and are receiving (or are approved to receive) one of the following disability benefits:

- Short-Term Disability, or
- Workers’ Compensation.

When any of the following events occur, your extended coverage will end:

- you elect to discontinue coverage,
- you work at any job,
- 30 months have passed after you stopped working due to disability,
- your Workers’ Compensation or Short-Term Disability ends,
- you receive the maximum benefits under Short-Term Disability or Workers’ Compensation, or
- you become eligible for Medicare as your primary insurer.

If you die while receiving extended coverage, your dependent(s)’ eligibility will end 30 days after the date of your death.

To receive this extended coverage (Health Extension), you must submit proof of disability as described in the Health Extension section of the COBRA election notice no later than 60 days after the date coverage would have been lost (90 days after you stopped working due to a disability). The Plan reserves the right to require proof of your continued disability from time to time. This extension of coverage will count toward the period in which you are entitled to continuation of coverage under COBRA.

COBRA coverage begins as of the date you first stop working due to disability. It is your employer’s responsibility to notify the Funds of such date. Employer’s failure to do so does not impact the amount of time you are entitled to continuation of coverage under COBRA. (See pages 105-110 for COBRA information.)*

*Under the Health Extension, the School District of Philadelphia provides up to the first 12 months of coverage for employees on STD, thereafter the Fund provides up to an additional 18 months of coverage for employees on Workers’ Compensation. All coverage counts toward the period in which you are entitled to continuing coverage under COBRA.

Addition of Explanation of Annual Out-of-Pocket Maximum on In-network Benefits Pages 25-26: The section “Annual Out-of-Pocket Maximum on In-Network Hospital, Medical, Mental Health, Substance Abuse and Pharmacy Benefits” is deleted in its entirety and replaced with the following:

Annual Out-Of-Pocket Maximum on In-Network Hospital, Medical, Mental/Behavioral Health and Substance Abuse Benefits and Pharmacy Benefits+

Annual out-of-pocket maximum on in-network benefits. There is an annual out-of-pocket maximum on in-network hospital, medical, mental health and substance abuse and pharmacy benefits. Your annual out-of-pocket maximum is $8,150 and your family’s annual out-of-pocket maximum is $16,300.* If you have other family members enrolled in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.

The annual out-of-pocket maximum is divided between medical and prescription drug benefits.

Your annual out-of-pocket maximum for in-network medical benefits is $6,350 and your family’s annual out-of-pocket maximum for in-network medical benefits is $12,700. After a family has spent $12,700 in out-of-pocket costs for in-network medical benefits, regardless of how much each family member paid in out-of-pocket costs for in-network medical benefits, there are no additional out-of-pocket costs for any additional in-network medical benefits during the calendar year.

Your annual out-of-pocket maximum for in-network prescription drug benefits is $1,800 and your family’s annual out-of-pocket maximum for in-network prescription drug benefits is $3,600. After a family has spent $3,600 in out-of-pocket
costs for in-network prescription drugs, regardless of how much each family member paid in out-of-pocket costs for in-network prescription drugs, there are no additional out-of-pocket costs for any additional in-network prescription drugs during the calendar year.

*Expenses that apply toward the annual out-of-pocket maximum:*

- Co-payments,
- Deductibles, and
- Co-insurance.

*Expenses that do not count toward the annual out-of-pocket maximum.* The following expenses are not applied toward the in-network annual out-of-pocket maximum:

- Premiums,
- Balance billing, and
- Spending for non-covered services.

*HHS examines the limits annually and may increase them based on the premium adjustment percentage (an estimate of the average change in health insurance premiums). The Plan will change its out-of-pocket maximums each January 1 to match HHS’ limits.*

Effective January 1, 2020, the medical portion of the MOOP is increased to $6,350/individual and $12,700/family and the prescription drug portion of the MOOP remains flat at $1,800/individual and $3,600/family. Thereafter, as annual increases to the MOOP occur, the prescription drug portion will remain fixed at $1,800/individual and $3,600/family and additional MOOP dollars will be assigned entirely to the medical portion.

+Prescription drug benefits are not provided to School District of Philadelphia employees under this Plan.

**Change in TeleMedicine Co-payments Page 27:** Effective January 1, 2018, the co-payments for Telemedicine are the same as the co-payments for in-network participating doctors/providers as described on page 34.

**Addition of Telephone Number for Member to Call to Get An Estimate of What it Would Cost to Use a Non-Participating Provider Page 31:** Immediately preceding the section “Coverage When You Are Away From Home” the following is added:

If you are thinking about using a non-participating provider and would like to get an idea of how much you will have to pay, call Empire at 1-866-316-3394. In order to assist you, Empire will need to know the non-participating provider’s office location (city and state) where you will be seen and the CPT code for the procedure you will have. You must get the CPT code from the non-participating provider.

**Addition of Services Requiring Pre-certification Page 32:** The following services are added to the chart on page 33 in the column Type of Care under Outpatient:

- Sleep studies
- Percutaneous Coronary Intervention (PCI), Cardiac Catheterization and Vascular Ultrasound

**Change in Co-payments Page 34:** Effective January 1, 2020, the chart under Overview of Out-of-Pocket Expenses is replaced with the following chart:

<table>
<thead>
<tr>
<th>Type of Care</th>
<th>Out-of-Pocket Expense by Place of Service</th>
</tr>
</thead>
<tbody>

Page 4 of 14
SMM Suburban PA Plan
December 31, 2019
January 29, 2020
**Addition of Exclusion on Non-participating Substance Abuse Providers** Pages 35 and 42: Effective January 1, 2017, the sentence below is added to the Non-Participating Hospital or Facility Expense Column for Hospital inpatient and Hospital outpatient department visits on page 34 and to the Limitations column for all Substance Abuse care (inpatient substance abuse, physician office visits and outpatient hospital facility) on page 42:

Non-participating New York inpatient and outpatient substance abuse providers that are not certified and/or licensed by the Office of Alcoholism and Substance Abuse Services and non-participating providers in all other states that are not certified by a similar state agency and which are not accredited by The Joint Commission are not covered.

**Addition of Gender Reassignment Surgery** Page 37: The following row is added after Total Joint Replacement (hip and knee) and before Skilled nursing care facility to the In the Hospital and other Inpatient Treatment Centers section of the Schedule of Covered Services chart:

Addition of Coordination of Benefits Provision when Dental Benefits are Covered under both the Medical and Dental Portions of the Plan Page 49: The following sentence is added to the text in the * which follows the Dental Care chart:

When a dental procedure is eligible for coverage under both your hospital/medical plan and dental plan, your hospital/medical plan will always be the primary payor.

Clarifications Regarding Specialty Drugs and How and Where to Obtain Them Pages 57 and 59: The sections “Specialty Drugs” and “Through CVS Caremark Specialty Pharmacy Program” are deleted in their entirety and replaced with the following:

**Specialty Drugs**

Under your CVS Caremark plan, specialty drugs are high cost prescription medications used to treat rare, complex or chronic conditions like cancer, rheumatoid arthritis and multiple sclerosis. Although sometimes these medications are taken orally, they often require special handling such as refrigeration during shipping and storage, and administration through injection or infusion. They also often require customized patient monitoring, coordination of care and adherence management.

Your pharmacy benefits cover only specialty drugs on the CVS Caremark formulary which are filled either at a CVS retail pharmacy or through the CVS Caremark Specialty Pharmacy. There is no coverage for specialty drugs that are not on the CVS Caremark formulary. And there is no coverage for formulary specialty drugs that are not filled either at a CVS retail pharmacy or through the CVS Caremark Specialty Pharmacy.

The **co-payment** for specialty drugs is the same as described in the table on page 58.

**For Specialty Drugs**

If you need a formulary specialty drug, there are two ways you can fill your prescription:

1. At a CVS retail pharmacy, or
2. Through the CVS Caremark Specialty Pharmacy Program.

If you do not use one of these two methods to fill your formulary specialty drug, there is no coverage and you will be responsible for the entire cost.

**At a CVS Retail Pharmacy**

You can get your formulary specialty medication at any CVS retail pharmacy. Just go to any CVS retail pharmacy and present your prescription and CVS Caremark ID. All prescriptions filled at a CVS retail pharmacy provide you with up to a 90-day supply.

**Through CVS Caremark Specialty Pharmacy Program**

You can use the CVS Caremark Specialty Pharmacy Program by calling 1-800-237-2767. A CVS Caremark service representative will assist you in completing the specialty drug registration process.

Note: The Specialty Pharmacy will send your 90 day prescription order in three separate deliveries of 30 day fills over the course of the 90 days. With each 30 day fill that the Specialty Pharmacy sends, it will charge you 1/3 of the **co-payment** required.

**Addition of a Description of the Prescription Plan Coverage Management Programs:** On page 59, the fifth paragraph is deleted in its entirety and after the section “For Specialty Drugs” a new section “Prescription Plan Coverage Management Programs” is added:

**Prescription Plan Coverage Management Programs**

The prescription plan uses coverage management programs to help ensure you receive the prescription drugs you need in the appropriate quantity and at a reasonable cost. Coverage management programs include prior authorization, quantity limitations and step therapy. Each of these programs is described in detail below and on the next page.

**Prior Authorization**

Certain medications require prior authorization before your prescription will be covered under the Plan. The Prior Authorization Program is administered by CVS Caremark to determine whether your use of certain medications meets your plan’s conditions of coverage and CVS Caremark’s clinical guidelines for use of the specific drug. The prescriber
will need to contact CVS Caremark’s Prior Authorization Department to provide the necessary clinical information to determine the appropriateness of the medication for the member before the prescription can be filled.

**Quantity Limitations**

Quantity limits are provisions in the prescription benefit that are designed to make the use of prescription drugs safer and more affordable. It provides you with medications you need for your good health while making sure you receive them in a quantity considered safe and clinically appropriate. For medications with quantity limitations, you can receive an amount to last you a certain number of days; for instance, the program could provide a maximum of 30 pills for a medication you take once a day. This is considered an acceptable amount to take the daily dose considered safe and effective, according to guidelines from the Food and Drug Administration (“the FDA”) and product dosing guidelines. Some medications may have a quantity limit with a post-limit prior authorization, meaning if you require more than the initial quantity limit, your doctor/prescriber must provide medical necessity information as to why you require more of the medication.

**Step Therapy**

Step therapy is a program which will help to ensure that the medications which you receive are safe and cost-effective. Step therapy may first require the use of generic or alternate brand medications to help to ensure that prescription costs are kept low. When you present a prescription for certain medications to your pharmacist, CVS Caremark will check to see if you’ve tried a generic or alternate medication to treat the same condition. If your prescription history shows generic or alternate brand option, the targeted prescription may be approved and filled. If there is no history of a generic or alternate brand medication, the pharmacist will receive a message for the prescriber to call a toll free number for more information. The prescriber will be asked to prescribe a generic alternative first before moving to the single source brand medication. In the event that the prescriber advises CVS Caremark that a generic or alternate brand medication is not right for the member, the prescriber can then call the CVS Caremark Prior Authorization Department to seek approval for the single source brand medication.

Your pharmacist can tell you if the prescription drug order you need to have filled requires prior authorization or is subject to quantity limitations or step therapy. Contact CVS Caremark at 1-877-765-6294 before having the prescription filled to ensure that you will receive regular reimbursement for the prescription that you have been given. If you have a prescription filled for a drug that is on the list of those requiring prior authorization or is subject to quantity management or step therapy and you fail to contact CVS Caremark before having the prescription filled, you may be fully responsible for the cost of the prescription drug.

**Clarifications in Vision Benefits Page 71:** The fourth paragraph under the section “Vision Care Benefits” is deleted in its entirety and replaced with the following:

If you get contact lenses instead of frames and lenses, from either a participating or non-participating provider, the contact lens exam fitting fee is not covered and the maximum reimbursement for the contact lenses is $120.

If you use a participating provider, your eye exam is free. If you use a non-participating provider, you can get up to $30 for your eye exam. You will be responsible for paying any charges in excess of the maximum reimbursement.

**Page 72:** Under the section “Eligible Expenses”, a new bullet is added after the second bullet:

- and frames.

Under the section “Excluded Expenses”, a new bullet is added after the second bullet:

- exam fitting fees for contact lenses,

**Clarification on Cancelation of Coverage When Eligible for Medicare Page 74:** The following sentence is added after the first sentence in the paragraph under the section When Coverage Ends:

Life insurance also ends if you cancel your coverage under this Plan due to Medicare eligibility. (See page 97.)
Clarification on Cancelation of Coverage When Eligible for Medicare and 76: The following sentence is added after the sentence under the section When Coverage Ends:

AD&D also ends if you cancel your coverage under this Plan due to Medicare eligibility. (See page 97.)

Change in Guardian TeleGuard Telephone Hours Page 77: Under the subheading Receiving STD Benefits, the hours of operation for contacting Guardian TeleGuard are changed from Monday through Friday 8:00am—5:00pm to Monday through Friday 8:00am—8:00pm.

Addition of Section “No Duplication of Health Coverage”: Page 95: The following section is inserted after the section titled Incompetence and before the section titled Mailing Address:

No Duplication of Health Coverage

Even if more than one employer makes contributions on your behalf at the same time to this Fund, you will receive only one Plan of benefits. The Plan of benefits that you will receive is the Plan that is determined by the Fund to be the Plan that, in totality, offers you the greatest benefits.

Clarification on Cancelation of Coverage When Eligible for Medicare Page 97: Under the first bullet in the section “Medicare”, the following sentence is added at the end of the bullet:

When you cancel coverage under this Plan all benefit coverage is cancelled including medical, hospital, mental health and substance abuse, prescription drug, dental, vision and Life Insurance & Accidental Death and Dismemberment.

Modification of Assignment of Plan Benefits Pages 110-111: The following is added to the end of the second paragraph under the section “Assignment of Plan Benefits”:

In order to appoint a provider as your authorized representative, you must submit a legibly signed authorization with your appeal that includes:

• Your name,
• Your identification number as shown on your Empire, CVS/Caremark, Delta Dental or Davis Vision card, as applicable,
• Your date of birth,
• Your address,
• The full name of the party whom you are authorizing to act on your behalf,
• The date(s) for which the authorization applies, and
• A sentence which clearly states that the party is authorized to file an appeal on your behalf.

Clarification in the Definition of Allowed Amount Glossary: The definition of Allowed Amount on page 121 is deleted in its entirety and replaced with the following:

Allowed Amount means the maximum the Fund will pay for a covered service. When you go in-network, the allowed amount is the amount Empire and the network provider have contractually agreed upon. When you go out-of-network, the allowed amount is roughly equivalent to 110% of the Medicare reimbursement rate but varies depending on the procedure. It is not the amount paid for a medical service in a geographic area based on what providers in the area usually charge for the same or similar medical service, commonly referred to as the usual, customary and reasonable (“UCR”) rate.

Page 11: The above paragraph is also added after the last sentence in the answer to FAQ 10.

Clarifications to Certain Dental Benefit Provisions

Effective January 1, 2017, the following clarifications are made to the specified dental benefits provisions:
Page 62: Under the section *Non-participating Dentists* the second sentence of the first paragraph is deleted and replaced with the following:

Your non-participating dentist can obtain Delta Dental’s reimbursement allowance by submitting a Pre-Determination request directly to Delta Dental before you begin any dental work.

Page 63: Under the section *What Dental Services Are Covered* the first sentence in the fourth bullet is deleted and replaced with the following:

- Orthodontic services for children under 19, such as diagnostic procedures and appliances to realign teeth.
  There is a separate lifetime maximum on orthodontic services of up to $1,000 per patient.

Also, under the section *Annual Maximum* the last sentence is deleted and replaced with the following:

There is a separate lifetime maximum of up to $1,000 for orthodontic services for children under 19 years of age.

Pages 64-67: The Schedule of Covered Dental Services is deleted in its entirety and replaced with the following:

* Reimbursed at 100% of the Delta Dental PPO allowed amount (or dentist’s charges if less).
** Reimbursed at 80% of the Delta Dental PPO allowed amount (or dentist’s charges if less).
*** Reimbursed at 50% of the Delta Dental PPO allowed amount (or dentist’s charges if less).

Page 68: Under the section *What Is Not Covered* the third bullet is deleted and replaced with the following:
- charges in excess of the allowed amounts,

The fifth bullet is deleted and replaced with the following:
- services or supplies that the Plan determines are experimental or investigative in nature, except to the extent provided by law

And a new bullet is added before the third bullet:
- orthodontia services for individuals age 19 or older,

Page 70: The section *Coordination of Dental Benefits* is deleted in its entirety and replaced with the following:

**Coordination of Dental Benefits**

- When Delta Dental coverage is primary, Delta pays benefits under this Plan as if there is no other coverage.

- When Delta Dental is secondary, and there are remaining expenses of the type allowable under this Plan, Delta Dental will pay only the amount by which the benefits under this Plan exceed the amount of benefits payable under the other program.

The following rules will be followed to establish the order of determining the liability of this Plan or any other programs:

1. The program covering the enrollee as an employee will determine its benefits before the program covering the enrollee as a dependent.
2. The program covering the enrollee as a dependent of an employee whose birthday falls earlier in the calendar year will determine its benefits before the program covering the enrollee as a dependent of an employee whose birthday falls later in the calendar year. If both employees have the same birthday, the program covering the employee for the longest period will be primary over the program covering the employee for the shorter period. If the other program does not have the rule described in this paragraph, but instead has a rule based on gender of the employee, the rule of the other plan will determine the order of benefits.

3. The program covering the enrollee having custody of the dependent will determine its benefits first; then the program of the spouse of the parent with custody of the dependent; and finally, the program of the parent not having custody of the dependent. However, if the specific terms of a court order state that one of the parents is responsible for the health care expenses of the dependent, the benefits of that program are considered first. The prior sentence will not apply with respect to any period during which any benefits are actually paid or provided before a program has actual knowledge of the court order.

4. The program covering the enrollee as an employee or as a dependent of an employee will determine its benefits before one that covers the enrollee as a laid off or retired employee or as the dependent of such person. If the other plan does not have a rule concerning laid-off or retired employees, and as a result each plan determines its benefits after the other, then this paragraph will not apply.

5. If the other program does not have a rule establishing the same order of determining liability for benefits or is one which is “excess” or always “secondary”, Delta Dental will determine its benefits first. If such determination indicates that Delta Dental should not have been the first program to determine its benefits, Delta Dental will be considered as not the first to determine its benefits.

6. In situations not described in items 1 through 5, the program under which the enrollee has been enrolled for the longest period of time will determine its benefits first. When Delta Dental is the first to determine its benefits, benefits will be paid without regard to coverage under any other program. When Delta Dental is not the first to determine its benefits, and there are remaining expenses of the type allowable under this program, Delta Dental will pay only the amount by which its benefits under this plan exceed the amount of benefits payable under the other program.

7. When a dental procedure is eligible for coverage under both your hospital/medical plan and your dental plan, your hospital/medical plan will always be the primary payor.

Page 79: Under the section Filing Dental Claims, Delta Dental’s website address in the second paragraph is deleted and replaced with the following: www.deltadentalins.com/32BJ

In addition, the first bullet is deleted and replaced with the following:
- Only an original, fully completed claim form or approved treatment plan will be accepted for review.

Page 81: In the section Where to Send Claim Forms, the filing address for dental claims is deleted in its entirety and replaced with:
Delta Dental
PO Box 2105
Mechanicsburg, PA 17055-2105

Page 88: In the section Where to File a Level-One Appeal, under the column Write to the address for Delta Dental is deleted and replaced with:
Delta Dental
Attn: Professional Services
One Delta Drive
Mechanicsburg, PA 17055

In addition, under the chart, the phone number in the double asterisk text for an urgent care dental claim, 1-800-932-0783, is deleted and replaced with 1-800-589-4627.

Back Cover: In the Contact Information chart, the website www.deltadentalins.com under the “How” column associated with “To find a participating dental plan provider” is deleted and replaced with www.deltadentalins.com/32BJ. In addition, the number 1-800-932-0783 is deleted and replaced with 1-800-589-4627.

If you have any questions about this notice or want further information about the changes please contact Member Services at 1-800-551-3225 between the hours of 8:30 AM and 5:00 PM Monday through Friday or visit us on-line at www.32bjfunds.org.
