| Important Questions | Answers | Why This Matters: |
|---|--|---|
| What is the overall deductible ? | \$0 for in-network providers \$500 person/\$1,000 family for out-of-network providers . | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | No. | If you use an out-of-network provider , you will have to meet the deductible before the plan pays for any services. |
| Are there other deductibles for specific services? | No. | You don't have to meet specific deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | For in-network providers \$8,550 individual/\$17,100 family; for out-of-network providers \$1,250 individual/\$2,500 family. | The in-network out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums , balance billing charges, penalties for failure to obtain preauthorization, & health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See www.32bifunds.org or call 1-800-551-3225 for a list of in-network providers . | This plan uses a provider network . You pay the least if you use a 5 Star Center provider . You pay more if you use a preferred provider in the plan's network . You pay even more if you use a non-preferred provider in the plan's network . You pay the most if you use an out-of-network provider , and you might receive a bill from provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your in-network provider might use an out-of-network provider for some services (e.g. lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . |

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
